**Keep track of your child's development.**  
**Call for a free ASQ screening today!**

Just by answering a few questions, you can keep track of your child's development from 2 months to 5 years-the most important time to get your child ready to succeed in school and in life.

A screening navigator will assess the developmental performance of your child in the areas of communication, gross motor skills, fine motor skills, problem solving, and personal-social skills.

The navigators can provide available resources, support, and ideas for age appropriate activities and excercises.
