Re: Carmen Flores

To whom it may concern,

I am the parent of a student of Ms. Flores, we have been clients since April 2017. In late April, we started reading intervention services for my dyslexic son. Beginning in September, Ms. Flores started the Neuhaus curriculum Basic Language Skills therapy for dyslexia.

Ms. Flores is very knowledgeable and is well informed on various teaching methods to meet the child's needs. She is extremely accommodating and truly understands that every child has their own developmental path. Ms. Flores is accepting of these challenges and is determined to see success. Her optimism and passion truly shine bright. She is very aware of the impact these difficulties can have on a child and works hard to encourage and create a positive warm environment.

We highly recommend Ms. Flores to others needing reading intervention. Our family is extremely thankful for her. My son has shown tremendous growth, both academically and emotionally during this time. I have confidence in her instruction and guidance, as she has also helped me understand this journey.

If you would like to know more about my experience with Ms. Flores, please contact me at _____
