

INFORMATION QUALITY AND SECURITY POLICY

PANTHERVIEWS, in its activity of engineering consulting, research and development of technological solutions; Academy for training in new technologies, we are committed to directing all our efforts to meet the needs of our stakeholders, with the Quality and Information Security of our services being the highest priority, in order to achieve continuous improvement in our organization. To this end, we have implemented and maintain a Quality Management and Information Security system based on the requirements of the ISO 9001 and ISO 27001 standards and which adopt the following commitments:

- **Effectively maintain an Information Security and Quality Management System by establishing and monitoring each year the objectives of quality and information security in such a way that we promote the continuous improvement of our company.**
- **Meet all of our stakeholders' requirements for quality and information security and those applicable to us to build their trust in our organization.**
- **Ensure adequate equipment in such a way that it corresponds to the activity, objectives and goals of the company.**
- **Commitment to the customer so that he has the necessary and appropriate solutions for his circumstances, maintaining the link in time and fostering confidence in the Quality and Excellence of our work.**

These principles are assumed by the Management who provides the necessary means and provides its employees with sufficient resources for their compliance, expressing them and making them publicly known through this Quality and Information Security Policy
