Decorative panel, urethane insulation, many models available.

High definition decorative panel

When they were introduced on the market 10 years ago, the EXECUTIVE PANEL series sent a shockwave in the steel door industry, and they have become more popular every year since. These "high definition" panels, inspired by the mouldings used on traditional wooden doors, can be used with decorative glass panels, in any number of combinations. Our series of sidelites joined to an EXECUTIVE DOOR can add style to your home.
