## PIT-SMOKED MEATS

MISSION: DELICIOUS

### Sliced Brisket – The General's Cut \$12

This brisket has been through the smoke pit boot camp for hours, emerging tender, battle-hardened, and ready for duty. Sliced thick and served with our signature BBQ sauce—because real soldiers don't settle for dry rations.

### Baby Back Ribs – Heavy Artillery \$12

Fall-off-the-bone tender and coated in our secret dry rub, these 4 rib bones are slow-smoked to perfection and finished with a precision airstrike of tangy BBQ sauce. One bite, and your taste buds will be shouting, "Hooah!"

### Pulled Pork – The Grunt's Favorite \$8

Smoked low and slow like a recon mission behind enemy lines, our pulled pork is piled high and ready to be devoured. One bite, and you'll know why this is the true backbone of any BBQ operation.

### Pulled Chicken – Boatswain Mate \$8

This juicy, hickory-smoked chicken is pulled apart with precision and tossed in a light house-made BBQ sauce. It's so good, you'll be requesting backup for seconds

### Article 15 \$15

The General's Cut over a baked potato, topped with your favorite BBQ sauce and fixings. This Article 15 will have you potentially imposing punishment on yourself for misconduct unwarranted to all those around you or within your chain of command.

### Captains Mast \$11/14

The Grunt's Favorite or Boatswain Mate's pick, served over Mac Attack and topped with your favorite BBQ sauce. Add the General's Cut for \$3. Offenses for not sharing are self-sustaining. Punishment is warranted.

### Black Plate Special – Black Ops TBD
