VOLUME 1, ISSUE 1

JUNE - JULY 2020

ONLY JESUS -The Grand Introduction

Only JESUS is the name we give Glory, Honor and Praise!

Only JESUS is the focus of the Vision.

Only JESUS is the name we carry out our Mission.

Only JESUS is the name we uphold in Serving.

Only JESUS is the name to Remember.

It started by the grace of the Lord Jesus Christ, the love of God, and the fellowship of the Holy Spirit. (2 Cor. 13:14),

It all began in San Antonio, Texas in November 2012, The Lord God spoke to me and said "Build Me a hospital in the Philippines. Tell My people that **I AM THE LORD GOD WHO HEALS**

them." I responded, "I am not a doctor Lord.." God answered "I will teach you.."

The journey commenced with the Lord God teaching me about healing for only He has the power to heal a person completely — body, soul, and spirit. A week after the Lord God spoke to me, my husband, Joe, had a major heart attack that resulted to a heart failure. He survived miraculously. Then in February 2014, I was diagnosed with kidney cancer that resulted to the removal of my right kidney. Nine months later in November 2014, I was diagnosed with lung cancer metastasizing to my liver and remaining left kidney.

The MIRACULOUS HEALING.

The Lord God the Healer touched me and miraculously healed me in July 2015. I can still vividly remember my follow-up check with my cardiologist in August 2015. As he was glancing at the CT scan result, he told my husband and I, "Your CT scan is beautiful. There is no more trace of cancer." **To God be the glory!**

OBEDIENCE TO THE CALLING.

In obedience to the Lord God's calling to tell His people that He is "The Lord God The Healer", I started this non-profit organization to reach out to God's people. I initially registered Only Jesus Philippine Medical Mission as a non-profit organization with the Texas Secretary of State in

2016. Due to unforeseen circumstances it did not materialize and became inactive. On May 6, 2019 I reactivated the same name, Only Jesus Philippine Medical Mission with the Texas Secretary of State. I asked the Lord God for guidance on the people who

will help me serve in this organization. By April 2020, three friends accepted to serve. After the first board meeting on May 11, 2020, the name was changed to Only Jesus Medical Mission to reach out to all the people around the world.

Mission, Vision, Core Values

The **Mission** is to assist hospitals, clinics, and medical facilities, and medical missions. Only JESUS Medical Mission achieves this through the following: 1) Collect financial donations for building and repair of medical hospitals, clinics, and facilities; 2) Obtain equipment and supplies, including medical, dental, and laboratory; 3) Distribute the equipment and supplies; 4) Support medical missions; and 5) Provide education for health and wellness.

The **Vision** of Only Jesus Medical Mission is to proclaim the gospel of Jesus Christ by providing financial assistance, medical support, services, and education to the medical community around the world.

Core Values:

- 1) FAITH IN GOD – For I am not ashamed of the gospel, because it is the power of God that brings salvation to everyone who believes: first to the Jew, then to the Gentile. (Romans 1:16)
- 2) LOVE – And now I give you

a new commandment: love one another. As I have loved you, so you must love one another. (John 13:34)

3) SERVICE – And whatever you do, do it heartily, as to the Lord and not to men. (Colossians 3:23)

4) STEWARDSHIP—As every man hath received the gift, even so minister the same one to another, as good stewards of the manifold grace of God. (1 Peter 4:10)

Potentially reaching and impacting the world.

Programs

Only Jesus Medical Mission designed programs to assist nonprofit hospitals, clinics, and facilities around the world attain their missions in delivering health care to their communities.. These Programs fall under the four categories::

1 - Building and repair of hospitals, clinics, and facilities. We will be assisting qualified non-

profit organizations around the world in building their infrastructures to help them deliver quality care.

2 - Obtaining equipment and supplies including medical, dental and laboratory. We will acquire equipment and supplies either brand new or slightly used to be sent to other healthcare facilities that are in need.

3 - Supporting Medical Missions. We will facilitate mission trips. We will coordinate with volunteers here in the U.S. and the hospitals, clinics, and facilities in other countries that need health care.

4 - Providing education for health and wellness. We will host or assist in health and wellness education through classes, seminars, etc.
