

DO	DON'T
Be consistent	Don't deviate occasionally from rule
Give clear, simple & short commands	Don't implore or use sentences that start as " I told you not to do that again "
Remember: a dog thinks like a dog	Don't allow your emotional needs to put pressure on your dog
Be realistic with your expectations	Don't treat your dog as a child substitute
Give one command at a time and reward compliance	Don't give command if you cannot or will not enforce it
Ignore demands to be picked up, petted or cuddled	Don't let your dog use submissive behaviour to dictate what he/she wants
