

BOCC Letter – Environmental & Water Concerns

To: [County Board of County Commissioners]

From: [Your Name]

Subject: Opposition to Wildflower Music Park – Environmental and Water Risks

Dear Commissioners,

I am writing to oppose the Wildflower Music Park development because of its potential to damage our fragile environment and water systems. The property lies within a sensitive hydrological area with floodplain features, wetlands, and recharge zones that feed into our drinking water supply.

Events of this size introduce stormwater contamination from vehicle leaks, greywater discharge, and increased impervious surface runoff. Improper sanitation and waste management could further pollute groundwater and nearby waterways, especially during heavy rains or floods.

Our rural environment is not designed to absorb this level of impact. Please protect our shared natural resources by denying this proposal or requiring strict environmental oversight that fully complies with Florida DEP and Water Management District standards.

Respectfully submitted,

[Your Name]
