

Connecting Melrose – Town Hall Coordination Sheet

Guidelines for Volunteers and Speakers

Use with: 1_Cover_Summary.pdf + Profiles (2–6). • Prepared Oct 2025 for Town Hall Coordination

This sheet helps Connecting Melrose members use the Wildflower Music Park packet effectively during the upcoming town hall. Each one-pager in your packet corresponds to a specific officer or manager involved with the Wildflower Music Park entities. You do not need to speak with every person — focus on presenting clear, factual concerns and ensure your questions are concise and respectful.

Keep statements under two minutes; focus on one factual question or concern per person.

Hand the corresponding one-pager to any official or attendee who asks about that individual ' s background.

Direct all questions regarding site plans, permits, or environmental reviews to the County staff or BOCC — not to individual organizers.

If approached by media, emphasize Connecting Melrose ' s community-based position: opposition to large-scale festival zoning and concern for safety, water, and rural character.

After the town hall, collect notes from members and return them for compilation into the next BOCC submission.
