Subject: Opposition to Four-Day Music Festival with Overnight Camping at [Location]

Dear Growth Management,

I am strongly opposed to the proposed four-day music festival at [location] in Agricultural/Residential zoning. This event reportedly plans 24-hour amplified music, overnight tent and RV camping, and vendors.

This use is not permitted by right in A-RB zoning and would require a Special Use Permit, Temporary Use Permit, and Noise Variance. My objections are based on:

- Noise – Continuous amplified music will violate the spirit of county noise limits and disturb nearby homes, livestock, and wildlife.
- Public Safety – Overnight camping and alcohol create risks of disorderly conduct, trespassing, and impaired driving.
- Zoning Incompatibility – A large commercial music festival is not compatible with the purpose of Agricultural/Residential areas.

I respectfully request the County deny any permits for this event and ensure that no such festival is allowed to operate in this location.

Sincerely,

[Your Name]
