Rider

When it comes to working with Jonny he is very friendly, enthusiastic and wants nothing more than to entertain your guests and leave them in awe. In order to do so he would like to ask the following:

- Venue must include drinkable water, whether it be from the tap or in a bottle
- A space to change and leave any valuables securely.
- The best possible option for sound. Preferably a headset and a handheld microphone with stand. There must always be two microphones as a minimum unless discussed otherwise.
- A camera with a wireless feed to screens would be preferred for larger audiences but not necessary.
- Jonny doesn't currently have a PA system or any other technical equipment other than the props he uses. So any and all tech should be provided.
- A clear breakdown of the event so Jonny knows where to be and as to when.
- A brief on the clientelle is a must. This will allow Jonny to adjust his patter to accommodate any age group and put in tailored scripting/jokes/gags.
- All payments must be paid in full as agreed within a month from the invoice being submitted unless discussed and agreed to be paid at another time.
