

# U of M Masonic Children's Hospital Survivor Program

**Beyond Cancer: Caring for survivors.  
Advancing discoveries. Changing futures.**

The MN Lions Childhood Cancer Foundation supports the University of Minnesota Masonic Children's Hospital's Survivor Program, helping childhood cancer survivors receive long-term medical monitoring, mental health support, and resources for life beyond treatment. MLCCF also helps advance groundbreaking research aimed at understanding and reducing the long-term side effects of cancer treatment.

**Care • Resources • Support • Hope**
