Our puppies keep their tails and front dew claws. They are born and raised in our house, socialized among our other dogs, they go outside for play time, potty training, wear a collar and by 8 weeks will walk on a leash. At pick-up you will get a freshly washed and groomed puppy wearing a new collar who is used to get outside.

All our puppies come from genetic health tested parents which are paired carefully to assure healthy puppies. All our puppies get lifetime breeder support, no problem or concern is too small to bother, so please reach out!

We do not have kennels or other breeds, we are raising only Miniature Australian Shepherds and for biohazard reasons we do limit outside foot traffic and visits when we have puppies.

Thank you for understanding that you cannot come and visit or play with puppies as we guarantee all our buyers that we do our best to preserve all our puppies' health. They come with a 5 years health replacement guarantee if you feed without gap the dog foods we recommend and follow our given link and not the main page.
