Dear Community Partner,

At least one million people in America live with Parkinson's disease and more than 60,000 more are diagnosed every year – about one person every 9 minutes. **This is more than the combined number of people diagnosed with multiple sclerosis, muscular dystrophy and Lou Gehrig's disease (ALS).** Chances are someone you know has Parkinson's. Parkinson's is a movement disorder but it impacts every aspect of life; social, physical, cognitive, marital, financial and emotional. There is no cure and no known cause.

But you can help.

Punching for Parkinson's was developed by PK Hope is Alive, a local 501(c)(3) non-profit Parkinson's support group (#80-0436475), to raise money to help improve the quality of life for people in East Tennessee fighting Parkinson's. **Right here. Right now.**

Punching for Parkinson's is a "punch-a-thon." Participants sign up to be boxers and recruit donors to pledge money for every punch they can throw in one minute. Donors can also make a flat donation. On Saturday February 26th, the FIGHT IS ON. Boxers will gather at Black Dog Fitness and hit their punching bag as many times as possible in one minute. It is a fun and exciting event.

All of the donations will be used to improve the quality of life for local people fighting Parkinson's. It will fund exercise programs, transportation, social events, in-home care, home modifications, medical equipment, exercise equipment, physical therapy, and research programs.

We are inviting you to support Punching for Parkinson's 2022.

- For \$200, you can have your own round. For example, the "Acme Products Round".
- For \$400, your company can have its name and logo displayed over a punching bag.
- For \$600, your company can have an exhibitors table at the event.
- Any donation or support (certificates, door prizes, coupons) will help fellow Tennesseans fight Parkinson's.

Thank you for your consideration and generosity.
