About Us

Established in 1995, Jodhani Marketing has been a trusted name in the stationery industry for almost three decades. With a commitment to quality and excellence, we have earned the trust of over 1000 corporates across the country.

OUR VISION

At Jodhani Marketing, our vision is to provide comprehensive solutions for all office and school supply needs. We strive to be the go-to destination for businesses and educational institutions seeking reliable and high-quality stationery and related products needed on day to day basis.

MEET OUR TEAM

Our company was founded by the visionary Rajesh Jodhani, who laid the foundation of our business in 1995. Under his leadership, we have grown from strength to strength. Later, Chartered Accountant Preetam Jodhani joined the team, bringing with him a unique blend of financial acumen and business insight.

OUR PRODUCT RANGE

At Jodhani Marketing, we offer an end to end solution regarding all your stationery and other requirements which you need in your workplace. From basic office supplies to specialised educational materials, including complete customisation and branding, we have it all. Additionally, we take pride in manufacturing premium quality files and stationeries.

Make in India is a national program inspired by the majestic Ashoka Chakra and is symbolised by an elegant lion. It has been meticulously designed to represent India's success in all spheres: be it skill development, investment, fostering innovation, protecting intellectual property or focusing on state-of-the-art manufacturing infrastructure. It aims to transform India by focusing on its strengths and working on its weaknesses to make our nation globally acclaimed as well as one of the widely preferred economic hubs.

As rightly said, there's never been a better time to Make in India!
