# Sprecher Maple Root Beer Signage Options

## Maple Root Beer Signage

We are excited to show you two new maple root Beer signs. One version is a nice sign that can hang on the wall. The second option is a paper sign that will stand on its own.

Our hope is to provide you with a tool to use them at your own shop or to support sales at places you may already be selling maple root beer. Maybe give your customers a free one with the purchase of 5 cases of maple root beer. Just an idea to get you thinking.

## Large 12" x 18" Plastic Signs

The large plastic sign is made with a coating to allow the use of a dry erase marker. You can add your own comments and pricing as you see fit. This sign is currently available in two options. Both are the same size at 12" x 18" and are made of the same light weight plastic material, about a 1/8" thick. Version 1 has the saying: "When Pancakes Meet Ice Cream Floats" on the bottom and Version 2 has that section left blank.

## Small Free-Standing Paper Signs

These smaller signs are great for stores, farmers markets and craft shows. There are two types one stands vertically and has 3 sides and the other is a two-sided horizontal sign. They are each made of card stock and stand on their own. The vertical sign is 6" wide on each side and stands 9 1/4" tall. The horizontal sign is 11 1/2" long and 7 1/2" tall.
