SONG 156
WITH EYES OF FAITH
(Psalm 27:13)

1. Why should I fear the lion? Why should I fear any foe?
With Jehovah by my side, I will not run and hide.
My God is with me; this I know.

(CHORUS)

2. Those faithful ones before us, Lived their lives in loyalty.
By their faith they endured. Their future is assured.
They'll stand again for all to see.

(CHORUS)

(BRIDGE)
With eyes of faith, I can move a mountain.
With eyes of faith, my hope is sure. Where would I be
Without the faith that helps me see
Beyond the trials I endure?

3. I see the wondrous future God has in store for me.
I need to be strong. I know it won't be long
Till Jehovah claims his victory.

(CHORUS)
With eyes of faith, I see beyond the darkness.
With eyes of faith, there's nothing more to fear.
With Jehovah, I am strong, Determined to go on,
Knowing that my God is always near — With eyes of faith,
With eyes of faith.

SONG: YOU WILL SEE

1 I close my eyes and I can see
A world of peace, love and harmony
Come with me, And you'll see, You will see

2 It's not a dream, as I'm sure you know
These things God promised so long ago
A guarantee, Sure to be, You will see

(CHORUS)
Look around, There's joy and laughter in every sound
Look and see, This is the way our God meant it to be

3 Those who fell asleep along the way
They live again, we see them every day
Come with me, And you'll see, You will see

4 Pain and crying there used to be
Is gone forever, now it's history
Come with me, And you'll see, You will see

(CHORUS)
Look around, There's joy and laughter in every sound
Look and see, This is the way our God meant it to be

5 Jehovah's word is enough for me
With eyes of faith, it's reality
As we see, What's in store
You can be sure, Until the moon is no more

When you
Close your eyes and come with me
To God's world of peace and harmony
Come with me
And you'll see
You will see

Robert Clarke

Robert Mc.Arthur Clarke. Affectionately known as Bobby. He was raised and trained by his grandparents. Mrs Elese Clarke and Mr. Leonard Clarke. From grandad Leonard (a jewler and watch/ clock repair technician), Bobby picked up his technical skills from early, learning how to dismantle and reassemble small mechanical items. Under his grandmother's watch, young Bobby learned manners, respect, and politeness. She taught him to cook, sew and love for his family. Bobby learned well and reflected these qualities throughout his life. At school he loved Spanish, Mathematics and Music. Completing the highest level of music exams by 4th form at Combermere, passing each with flying colors.

As a young Jehovah's Witness, Bobby was eager and enthusiastic in his service to Jehovah, and supporting his brothers and sisters in the Paynes Bay congregation. It was not unusual to hear Bobby's melodious voice raising a song or at times if the electricity goes off, Bobby took his recorder and played the tune for the brothers to sing to the correct key. Bobby gave of his best to support his brothers and sisters in the congregation.

Robert Clarke was the faithful Husband of Euralene. Father of two daughters, Ari and Amaris. Bobby the Tailor, Musician, Air Traffic Control Officer, Sound Engineer. Elder in the Christian Congregation.

Bobby was a great planner and gave of his best in each chapter of his life.

His finished garments were so flawless that a local fashion designer sought him out to finish her designs. His music talent benefitted others. He volunteered to teach students at the junior school in his neighbourhood and composed the School song.

As a young Air Traffic Controller, Bobby displayed serious dedication to his job on the board. The way he dressed for work did not go unnoticed. The former Technical Director Mr. Clyde K.V. Outram commented on Bobby's outstanding dress for work... (always wearing a Jacket and tie) said out loud for those present to hear. "One day this young man may become Technical Director". Unfortunately injury in a vehicle accident brought Bobby's career in Aviation to an early end. He continued to give of his best to provide for his dear wife and daughters. Also his brothers and sisters in the christian congregation gained a loyal, reliable and hard working brother.

He did everything in the best interest of what is pleasing to Jehovah. Loyalty to Jehovah and to his family continued until his death as he had vowed. Each congregation in which he served benefitted from all of the talent with which he was gifted by Jehovah.

His contribution to the sound department whether at the local, regional or international level cannot be measured. Sourcing of equipment, training of brothers and sisters to provide proficient service to the AV department was noted and appreciated.

On the day of his death Bobby chose to attend weekend meeting on Zoom. During that last meeting his assistance to solve a sound problem in a neighbouring island was requested, as usual, Bobby provided that assistance.

The Bible calls men like Bobby "gifts from God"
he "received free and gave free"

Jehovah God, We thank you for
Robert Mc. Arthur Clarke.

TRIBUTE TO MR. ROBERT CLARKE

On behalf of the Staff, students, and parents of St. Alban's Primary School, I pay tribute to the life of Mr. Robert Clarke, known to me affectionately, as just"Bobby" – Former Parent, Friend, Benefactor of St. Alban's Primary.

My principal-parent relationship with Bobby deepened as his daughter Ari moved through the school. What began as a parent checking on his child's progress grew into a genuine friendship built on mutual respect, loyalty, and a shared love for the St. Alban's Primary School.

Bobby was extremely generous to our school - not only with tangible gifts, but with his most valuable possession, his time.

On so many occasions I would receive a call in that distinct, commanding voice that we all came to know so well: "Miss Prince, I have a few items I ordered on Amazon for the school, you can pass and collect them."

When I did go to collect those items (which was usually after a little while), Bobby and I would talk at length on different topics. He showed he genuinely cared about the school as he was always asking what he could do to help the school. His help also extended to designing, printing our Class 4 Year Books, programmes for events at the school among other things.

He provided me with very good advice, especially on anything to do with the Public Address System even going as far as gifting the school with equipment to ensure that we always had working PA System. Our former Information Technology Coordinator, Mr. McConney, can attest to Bobby's valuable contribution in supporting him with the PA system and any events at the school.

I will say this to you - the deejays on the radio stations have nothing on Bobby. Bobby was a masterful deejay. The students enjoyed his playlists immensely, and I often remarked to him that he played songs that caused me to reminisce on my childhood. He brought joy to our compound through his music.

Our last project together was fixing the office PA system. Bobby took charge of this project during the summer vacation of 2025. He gave the school an upgraded system, ordered the materials needed on Amazon, brought the technicians to the school, and instructed them on how to proceed in repairing the system. All I did was show up to open the school. When school reopened in September 2025, our PA system was up and running after years of not working.

It was working so well that the people in the community would remark that they could hear our morning prayers and even when I called people to the office. - thanks to Bobby.

My last conversation with Bobby was in July this year when I informed him that I would be proceeding on a term's leave and would not be at school until January 2027. I told him we will remain in contact even though I will not be at school.

Words cannot express the sadness I felt when I received the call from his wife Euralene.

St. Alban's Primary has lost not only a former parent, but a real friend who loved SAP with his whole heart.

For me personally, I have lost someone who genuinely cared for me, who looked for me, and for whom nothing was ever too much to do and I know this is true for a few of the members of the teaching staff.

Bobby's legacy will live on in our classrooms, in our PA system that carries our morning announcements, in the children who benefited from his quiet generosity, and in the hearts of all who knew him.

To Euralene, Ari, and the entire Clarke family – we, the staff, students and parents at St. Alban's share your grief. We thank you for sharing Bobby with us. May you find comfort in knowing that he made a lasting difference.

Rest well, Bobby. Thank you for loving our school family. Gone but never forgotten. May your kind soul rest in peace and rise in glory!

Ms. Prince
Principal
St. Alban's Primary School

THE FAMILY OF THE LATE

Robert Clarke

We wish to acknowledge with deep appreciation and sincerely thank you for your kind expressions of sympathy.
