

EDUCATION IS THE ONLY POWER TO BRING THE CHANGE WE ASPIRE FOR!

Good shepherd schools were the initiatives taken by our management long time ago to make our vision '**Enlighten to Empower**'

Our Good shepherd school, Rakshi has been an organisation making a great difference in the field of education for the last 21 years. As one of the leading institutions in serving the village students, the school has been fulfilling all the needs of the day by being technologically empowered with time.

Welcome to Good Shepherd English Medium School. Located at Rakshi Village in Hukkeri Taluka, Belagavi, it is one of the premier schools in the vicinity. We are committed to providing a holistic education; an education that builds wholesomeness of the mental, physical, social, and spiritual fraternity. With quality education, we undertake to produce potential and productive future leaders in the global community. Our school offers an integrated methodology that aims to provide a challenging academic environment to emphasize the all-round development of the student. We look forward to your support and co-operation.
