

Hello September

OK List | Issue #1

This publication is created for the Okanagan Dental Community.

A resource to learn from, enjoy and share. OK List features articles, videos, tips, classifieds, a marketplace and more.

InSights

Practical ideas from leaders in dentistry.

September InSight:

(Dr. Patti-Anne Jones | Tier Three)

Why a strong dental hygiene program matters for your clinic.

Tech Tip

STERILIZER MAINTENANCE:

DAILY:

- Clean all sterilizer gaskets and chamber rims with water to remove any debris build up. Use a little alcohol for stubborn debris.

WEEKLY:

- Drain and replace water in reservoir tank (excluding sterilizers that do not reuse the water).
- Clean sterilizer as per manufacturer instructions.

MONTHLY:

- Flush system as per manufacturer instructions.
- Clean all chamber filters and screens.
