

Sackville Curling Club

Bar Report

2020 AGM

To start I would like to say a big thank you to the multiple volunteers that helped make it a successful season. The bar was able to operate the season with most of the hours as volunteer hours making it possible to operate the bar at a profit in this unknown season.

Through this season of 2020-2021 when in the yellow zone the bar was able to operate with social distancing and regular cleaning of high touch surfaces. A thank you to the COVID safety committee that keep cleaning and sanitation products stocked as well as for preparing the lounge area for proper distancing of everyone.

This year the dishwasher broke down at the end of the season. The club will be replacing the old dishwasher as the old one was past the point of fixing. We will be expecting a new commercial dishwasher to arrive this summer.
