

**Sackville Curling Club  
AGM Presidents Report  
2020-2021 Season**

The 2020-2021 curling season has come to a close and what a year it was. I would like to take this opportunity to thank our members for their support; the COVID-19 safety committee and the Board of Directors, as well as the ice makers for all of their hard work which kept our club open and members curling throughout what was to say the least a very memorable curling season. It was only through your and their dedication and perseverance that we were able to remain open throughout the orange and yellow restrictions albeit under not so normal conditions.

I would like to thank all of our members for your tremendous support and believing that we could curl under COVID- 19 guidelines and for following all of the guidelines that were put in place to ensure the safety of curlers both on and off the ice. Your support and cooperation are what makes SCC such a great club and has left us in a relatively unscathed position to start the next season. While we may still have some COVID-19 restrictions as we start next season there is hope with vaccines that we may return to a more normal season of curling sooner rather than later.

Overall our club has weathered the first year of the pandemic relative well financially and we are in a good position to move forward. Our budget for the upcoming year is fairly conservative and while there are still many uncertainties as to how the season will unfold I believe that our membership and revenue targets are attainable and with the continuing support of our members we should be able to meet and even exceed them.

As we move through summer we will have a better understanding as to what we may have to contend with for COVID-19 guidelines and we will start to actively plan our calendar of events that will get us all back on the ice and socializing in the club.

Thank you,

Respectfully submitted

Tom Trueman  
President SCC
