

Signage Report 2021

This year we have made \$6,710.25 on signage rentals for the year. We lost three rentals this year, one indicated that we should contact them next year as they only cancelled due to tightening of COVID and will be evaluating in the future. The other two that were a lost did not respond to outreach, however, might be able to come back in the future. There is still opportunity for more signs to be added in the future. Please see below for the sign break down.

Company	Invoice number	Sign Size	Cost	Plus HST	Total Cost	Paid

Grand Draw Report

We sold 153 of 200 tickets. Due to Covid we had to develop new methods in selling which was done via email, Facebook and e-transfers for payment. I want to extend a thank you out to all of those who helped sell tickets and helped with the grand draw pull as well. While we could not arrange for a pub night as planned, we held the grand draw virtually as a Facebook live event on March 27th, 2021. We had very minimal expenses of printing tickets and the license, we made a profit of \$1841.50.
