Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and major fund of Training and Employment Consortium, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Consortium's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of the internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Training and Employment Consortium as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the Management's Discussion & Analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information is the responsibility of management and was derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Training and Employment Consortium's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2021, on our consideration of Training and Employment Consortium's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Training and Employment Consortium's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated November 3, 2021, on our consideration of Training and Employment Consortium's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

TRAINING AND EMPLOYMENT CONSORTIUM MANAGEMENT'S DISCUSSION AND ANALYSIS

This document presents the highlights of the financial activities and financial position for Training and Employment Consortium (the Consortium). This analysis will focus on significant financial issues, major financial activities and the resulting changes in financial position, budget changes and variances from the budget, and specific issues related to funds and the economic factors affecting the Consortium. Please review this document in conjunction with the Independent Accountant's Audit Report and the Consortium's financial statements.

Financial Highlights

In the financial statements, the assets of the Consortium exceeded its liabilities at June 30, 2021 by \$884,525.

The Consortium's net position decreased by \$26,778.

The Consortium's General Fund experienced a decrease of \$18,109. At the close of the fiscal year, the fund balance was \$900,156.

Report Layout

Management's Discussion and Analysis: This section of the report provides financial highlights, overview and economic factors affecting the Consortium.

Basic Financial Statements: Includes Statement of Net Position, Statement of Activities, and Notes to Basic Financial Statements. The Statement of Net Position and Statement of Activities focus on a presentation using the accrual basis of accounting.

Government-Wide Statements:

The Statement of Net Position focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of the assets the Consortium owns, the liabilities it owes, and the difference called net position.

The Statement of Activities focuses on gross and net costs of Consortium programs and the extent to which such programs rely upon revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

Fund Financial Statements:

The statements focus separately on major governmental funds.

Notes to the Basic Financial Statements:

The notes provide additional information that is essential for a full understanding of the information provided in the government-wide and fund financial statements. They are an integral part of the financial statements and should be read in conjunction with them.

Our auditor has provided assurance in the Independent Auditor's Report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly presented. A user of this report should read the Independent Auditor's Report carefully to ascertain the level of assurance being provided for each of the other parts of the Financial Section.

Required Supplementary Information. This section includes Statements of Revenues and Expenditures – Budget and Actual for the General Fund. The notes to the Required Supplementary Information provide information to assist the reader in understanding the Consortium's budgetary comparison.

Independent Auditors Report. This communication is required by Oregon State Regulations.

Audit Deliverables Required by the Single Audit Amendment Act of 1996. Supplemental communication on the Consortium's compliance and internal controls as required by Oregon statutes. This section also includes additional reports by the Consortium's independent auditor and the schedule of expenditures of federal award as required by Government Auditing Standards and the Single Audit Act.

TRAINING AND EMPLOYMENT CONSORTIUM MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Financial Analysis

The Consortium's net position as of June 30, 2021, was \$884,525. The largest portion of net position is comprised of the Consortium's cash and investments. The net position decreased by \$26,778. While revenue increased over the prior year, so did expenditures, particularly personnel costs.

Table 1
Condensed Statement of Net Position

Assets	June 30, 2021	June 30, 2020
Cash & Investments	\$ 754,517	\$ 774,322
Other Current Assets	251,983	246,904
Capital Assets Net of Accumulated Depreciation	<u>30,615</u>	<u>41,660</u>
Total Assets	<u>1,037,115</u>	<u>1,062,886</u>
 Liabilities		
Current Liabilities	106,344	102,961

Statement of Activity Analysis

Table 2
Condensed Statement of Activities

Operating Revenues	June 30, 2021	June 30, 2020
Intergovernmental Revenue	\$ 2,089,571	\$ 1,847,232
Misc Revenues	124	310
Total Operating Revenues	<u>2,089,695</u>	<u>1,847,542</u>
 Expenses	<u>2,116,473</u>	<u>1,855,725</u>
Increase (Decrease) in Net Position	(26,778)	(8,183)
Beginning Net Position	911,303	919,486
Ending Net Position	<u><u>\$ 884,525</u></u>	<u><u>\$ 911,303</u></u>

Fund Balance Highlights

At year end June 30, 2021, the General Fund balance decreased by \$18,109. The majority of revenues and expenditures were in line with budget figures for the current fiscal year with the exception of the JOBS Contract revenue which was significantly under budgeted amounts.

Economic Factors & Next Year's Budget

The Consortium has no significant changes planned for the coming year. Expectations are that the customer base will remain relatively consistent with the current year, and operating expenses will approximate the current year.

Financial Contract

The Consortium's financial statements are designed to present users with a general overview of the Consortium's finances and to demonstrate the Consortium's accountability. If you have questions about this report or need additional financial information please contact the Training & Employment Consortium, 1901 Adams Avenue, La Grande, OR 97850.

TRAINING AND EMPLOYMENT CONSORTIUM
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
For the Fiscal Year Ended June 30, 2021

Total Fund Balances - Governmental Funds	\$ 900,156
---	------------

Amounts reported for governmental *activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Furniture and Equipment	243,666	
Less: Accumulated Depreciation	<u>(213,051)</u>	30,615

Long-Term Liabilities applicable to the operations are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities - both current and long-term are reported in the statement of net position. Balances at June 30, 2021 are:

Liability for Compensated Absences	<u>(46,246)</u>
------------------------------------	-----------------

Total Net Position - Governmental Activities	<u><u>\$ 884,525</u></u>
---	--------------------------

(The accompanying notes are an integral part of these financial statements)

TRAINING AND EMPLOYMENT CONSORTIUM
Statement of Revenues, Expenditures and Changes in Fund Balance-
Governmental Funds
For the Fiscal Year Ended June 30, 2021

	<u>General Fund</u>
Revenues	
Intergovernmental Revenues	\$ 2,089,571
Miscellaneous Revenues	124
Total Revenues	<u>2,089,695</u>
Expenditures	
Current:	
Personnel Services	1,572,091
Materials and Services	535,713
Total Expenditures	<u>2,107,804</u>
Excess Of Revenues Over (Under) Expenditures	(18,109)
Fund Balance, July 1, 2020	<u>918,265</u>
Fund Balance, June 30, 2021	<u><u>\$ 900,156</u></u>

(The accompanying notes are an integral part of these financial statements)

TRAINING AND EMPLOYMENT CONSORTIUM
Reconciliation of The Statement of Revenues, Expenditures, and Changes in
Fund Balance of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2021

Total Net Change In Fund Balance - Governmental Funds \$ (18,109)

Amounts reported for governmental *activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expenses (\$11,045) in the current period. (11,045)

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net changes as follows:

Change in Liability for Compensated Absences 2,376

Change In Net Position - Governmental Activities \$ (26,778)

(The accompanying notes are an integral part of these financial statements)

This page intentionally left blank

**NOTES TO BASIC FINANCIAL
STATEMENTS**

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Basic Financial Statements

Note 1 - Summary of Significant Accounting Policies:

Reporting Entity

The Consortium operates as an association of Baker, Union, Wallowa, Grant, Harney and Malheur Counties in Eastern Oregon under the provisions of Chapter 190 of the Oregon Revised Statutes. The Consortium was originally formed to apply for and administer Job Training Partnership Act and like grants which become available to the above named counties. The activities of the Consortium include, but are not limited to, the provision of services and training to persons eligible under the various grants administered by the Consortium.

The Consortium is governed by two county judges and four county commissioners, one for each county participating in the Consortium. Each county court designates its representative to attend and vote at meetings of the Consortium.

The accounting policies of the Training and Employment Consortium conform to generally accepted accounting principles. The Consortium has no oversight responsibility for any other governmental entity since no other entities are considered to be controlled or dependent on the Consortium. Control or dependence is determined on the basis of budget adoption, funding, and appointment of the respective governing board.

Basis of Presentation, Basis of Accounting

Government-Wide Statements: The statement of net position and the statement of activities display information about the primary government (the Consortium). These statements include the financial activities of the overall government. Governmental activities generally are financed through intergovernmental revenues and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Consortium's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Consortium's general fund. The emphasis of fund financial statements is on the major governmental fund.

The Consortium reports the following major governmental fund:

General Fund - This is the Consortium's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Measurement Focus and Basis of Accounting

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Consortium gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized as when measurable and available. The Consortium considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Expenditures are recorded when the related fund liability is incurred. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Basic Financial Statements

Under the terms of grant agreements, the Consortium funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net resources available to finance the program. It is the Consortium's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

Financial Position

Deposits

The cash balances of the Consortium are held at Umpqua Bank, and are reported at fair value at June 30, 2021. They are presented as cash and cash equivalents.

Prepaid Items

Certain payments to vendors reflected costs applicable to future accounting periods and are recorded as prepaid items.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Capital Assets

Furniture and equipment are reported at historical cost, except some estimated historical costs were utilized for items purchased in prior years. Assets acquired through gifts or donations are recorded at their estimated fair value at the date of donation. The normal cost of maintenance and repairs that do not add to the value of the asset or materially extend the asset's lives are not capitalized. A capitalization threshold of \$5,000 is used for assets that have initial useful lives extending beyond a single reporting period. Depreciation has been provided using the straight-line method over estimated useful lives ranging from 5-10 years.

Compensated Absences

Employees accumulate vacation and sick days at various rates depending upon the status and length of their employment with the Consortium. Regular employees and full-time temporary employees, as discussed above, accumulate both vacation and sick leave days. All other employees accrue sick time in accordance with ORS 653.601 to 635.661 Sick Leave Law. Employees are not paid for accumulated sick leave upon retirement or other termination of employment. A maximum of 240 hours of vacation time may be accumulated by each employee, however, a maximum of 180 hours of vacation time will be paid out to the employee at termination. The Consortium accrues a liability for compensated absences which meet the following criteria:

- 1) The Consortium's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
- 2) The obligation relates to rights that vest or accumulate.
- 3) Payment of the compensation is probable.
- 4) The amount can be reasonably estimated.

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Basic Financial Statements

Net Position/Fund Balance Classifications

Government-Wide Statements - Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- b. Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the Consortium's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Fund Financial Statements:

In the governmental funds the difference among assets, deferred outflows, liabilities, and deferred inflows of governmental funds is reported as fund balance and classified as nonspendable, restricted, committed, assigned and unassigned based on the respective level of constraint. The constraints are defined as follows:

Nonspendable - Resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories, prepaids and deposits, and assets held for resale.

Restricted - Constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributions, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed - Reported when the Board passes an ordinance that places specific constraints on how the resources may be used. The Board can modify or rescind the ordinance at any time through passage of an additional ordinance.

Assigned - Resources that are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed. Intent is expressed when the Board approves which resources should be "reserved" during the adoption of the annual budget. The Consortium's Finance Director uses that information to determine whether those resources should be classified as assigned or unassigned for presentation in the Consortium's annual financial report.

Unassigned - The residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund. This classification is also used to report any negative fund balance amounts in other governmental funds.

For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly unassigned fund balance.

The Consortium has no formal minimum fund balance policies or any formal stabilization arrangement in place.

Accounting Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Depreciation Expense and Accumulated Depreciation accounts have been subject to estimation.

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Basic Financial Statements

Note 2 - Deposits and Investments:

Deposits are comprised of the following at June 30, 2021:

Deposits with financial institutions	<u>\$ 754,242</u>
--------------------------------------	-------------------

Deposits are reflected in the government-wide Statement of Net Position as follows:

Cash	<u>\$ 754,242</u>
------	-------------------

Deposits

Deposits with financial institutions are comprised of bank demand deposits and certificates of deposit. The total bank balance per the bank statements was \$787,581 at June 30, 2021. The difference is due to transactions in process. Deposits are secured by federal deposit insurance to legal limits. The remaining amount is secured by collateral in accordance with Oregon Revised Statutes.

Custodial Credit Risk - Deposits

Custodial credit risk on deposits is the risk that in the event of a bank failure, the Consortium's deposits may not be returned. In order to minimize this risk, state statutes require banks holding public funds to become members of the Public Funds Collateralization Program (PFCP), a multiple financial institution collateral pool created by the Office of the State Treasurer. To qualify, participating banks must pledge collateral against any public fund deposits in excess of deposit insurance. The amount of collateral is set by the PFCP between 10% and 110% of each bank's public fund deposits based on their net worth and level of capitalization. Although the PFCP creates a shared liability structure for participating bank depositories, it does not guarantee that all funds are 100% protected.

All accounts are insured by FDIC up to \$250,000.

Investments

The purpose of the Consortium's investment policy is to identify various policies and procedures that enhance opportunities for a prudent and systematic investment policy and to organize and formalize investment-related activities. The Consortium has delegated investment responsibility to the Finance Director who is primarily responsible for implementing the investment policy.

Credit Risk - Investments

State statutes authorize the Consortium to invest primarily in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, banker's acceptances, certain commercial papers and the State Treasurer's Investment pool, among others. The Consortium has no formal investment policy that further restricts its investment choices.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of a counterparty, the Consortium will not be able to recover the value of its investments or collateralized securities that are in the possession of an outside party. The Consortium does not have a policy that limits the amount of investments that can be held by counterparties.

Concentration Risk

The Consortium does not have a formal policy that places a limit on the amount that may be invested in any one investment.

Interest Rate Risk

The Consortium does not have a formal investment policy that explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates.

TRAINING AND EMPLOYMENT CONSORTIUM
Notes to Basic Financial Statements

Note 3 - Accounts and Other Receivables:

The Consortium shows their receivables net of an allowance for uncollectible accounts, when applicable, yet all receivables are currently expected to be collected within one year. Grants from other government agencies are also generally expected to be fully collectible.

The accounts receivable balance is composed of the following:

JOBS	\$ 39,190
EOWB	176,866
OYCC	6,570
Other	12,426
Total	<u><u>\$ 235,052</u></u>

Note 4 - Capital Assets:

Capital asset activity for the year ended June 30, 2021 was as follows:

	Balance at July 1, 2020	Increases	Decreases	Balance at June 30, 2021
Governmental Activities:				
Capital assets being depreciated:				
Furniture and Equipment	\$ 243,666	\$ -	\$ -	\$ 243,666
Accumulated depreciation	(202,006)	(11,045)	-	(213,051)
Net capital assets -				
Governmental Activities	<u><u>\$ 41,660</u></u>	<u><u>\$ (11,045)</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 30,615</u></u>

Depreciation expense was charged to functions as follows:

Governmental Activities:	
Employment and Training	\$ 11,045

Note 5 - Long Term Obligations:

Long Term Obligation Activity

Long-term obligations include debt and other long-term liabilities. Changes in other long-term obligations for the year ended June 30, 2021, are as follows:

	Payable at July 1, 2020	Additions	Deletions	Payable at June 30, 2021
Governmental Activities:				
Liability for Compensated Absences (See Note 1)	\$ 48,622	\$ -	\$ 2,376	\$ 46,246

No amounts are due within one year.

Note 6 - Grants:

In the normal course of operations, the Consortium receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, to ensure compliance with conditions of the grant. Any liability for reimbursement which may arise as the result of a grantor audit is not believed to be material.

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Basic Financial Statements

Note 7 - Defined Contribution Pension Plan:

The Consortium adopted a defined contribution pension plan for its employees during the year ended September 30, 1981. The plan is a governmental 457 plan that is administered by the employer. Plan provisions and contribution requirements are established or amended by the plan administrator. Regular employees of the Consortium are eligible for coverage upon completion of twelve months of employment. The plan provides for 100% immediate vesting of benefits using individual annuity contracts as the funding medium. All costs are paid as incurred and the Consortium had no unfunded liability at June 30, 2021.

One class of persons who receive wage payments through the Consortium are not considered regular employees of the Consortium. This class is defined as WIOA youth work experience employees. Since the nature, duration and worksite locations of these employees are so significantly different than the Consortium's regular employees, these persons are excluded from coverage under the Consortium's normal fringe benefits, including the pension plan described above.

Certain positions at the Consortium are filled by temporary employees. These temporary employees do not by definition qualify to be covered under the pension plan.

The Consortium provides these pension benefits for its eligible employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The Consortium contributed 7.5 percent of the employee's base salary from July 1, 2020 to June 30, 2021. The contributions for each employee (and interest allocated to the employee's account) are fully vested at the date of contribution to the Plan's trustee.

The Consortium's total payroll for the fiscal year was \$1,268,692 with total eligible wages amounting to \$850,343. The Consortium contributed \$64,198 to the plan. Total contributions to the plan for the fiscal year amounted to \$89,349. Employees also voluntarily contributed an additional \$25,151 to their plan accounts.

The amount forfeited by employees due to leaving employment with the Consortium prior to vesting was \$0 for the fiscal year ended June 30, 2021.

Note 8 - Leasing Arrangements:

The Consortium no longer has long-term leases for office and classroom space. Grantor agency, Eastern Oregon Workforce Innovation and Opportunity Board began paying all lease payments for programs under its supervision on July 1, 2017. The Consortium itself will have no future minimum lease payments.

Note 9 - Risk Management:

The Consortium is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters; employee injury or illness for which the Consortium carries commercial insurance, subject to customary deductibles and total coverage limits recommended by the Consortium's insurance agent of record. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

Note 10 - Economic Dependency:

A material part of the Consortium's funding has been dependent on Department of Labor grants in the form of contracts with Eastern Oregon Workforce Innovation and Opportunity Board. Although these are not formal continuing contracts that assure funding beyond the annual contract period, the Consortium has operated federally funded job training programs since July 1, 1976. A contract has been signed to provide such funding through June 30, 2022.

TRAINING AND EMPLOYMENT CONSORTIUM

Notes to Required Supplementary Information

Budgets and Budgetary Accounting

The Consortium budgets all funds which are subject to budget requirements of state law. The Board of Directors legally adopts the budget by resolution before July 1. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. The level of control (total personal services, materials and services, capital outlay, debt service and transfers out) is established by resolution for all funds.

The detail budget document, however, is required to contain more specific, detailed information for the aforementioned expenditure categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriations ordinance. A supplemental budget that differs by 10 percent or more of any one of the individual funds contained in the original budget for that fiscal year requires hearings before the public, publications in newspapers, and approval by the Board of Directors. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the Board of Directors. Appropriations that have not been expended at year-end lapse and subsequent actual expenditures are then charged against ensuing year's appropriations.

Appropriations

The Consortium has complied with legal requirements relating to the preparation, adoption and execution of the annual budget for the year ended June 30, 2021.

**INDEPENDENT AUDITORS'
REPORT ON COMPLIANCE AND
INTERNAL CONTROL REQUIRED
BY OREGON STATE
REGULATIONS**

Independent Auditor's Report on Compliance and Internal Control Required by Oregon State Regulations

To the Board of Directors
Training and Employment Consortium
P.O. Box 2979
La Grande, OR 97850

We have audited the basic financial statements of Training and Employment Consortium as of and for the year ended June 30, 2021, and have issued our report thereon dated November 3, 2021. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Training and Employment Consortium's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- **Deposit of public funds with financial institutions (ORS Chapter 295).**
- **Indebtedness limitations, restrictions and repayment.**
- **Budgets legally required (ORS Chapter 294),**
- **Insurance and fidelity bonds in force or required by law.**
- **Programs funded from outside sources.**
- **Authorized investment of surplus funds (ORS Chapter 294).**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).**

The independent elected officials of Training and Employment Consortium do not collect or receive money and are, therefore, not subject to the requirements of OAR 162-10-140.

In connection with our testing nothing came to our attention that caused us to believe Training and Employment Consortium was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control Over Financial Reporting

In planning and performing our audit, we considered Training and Employment Consortium's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Consortium's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Training and Employment Consortium's internal control over financial reporting.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However as described below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the Schedule of Findings and Questioned Costs to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. During our audit we did not identify any significant deficiencies.

Purpose of this Report

This report is intended solely for the information and use of the Board of Directors and management of Training and Employment Consortium and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these specified parties.

**AUDIT DELIVERABLES REQUIRED
BY THE SINGLE AUDIT ACT OF
1996**

**Independent Auditors' Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors
Training and Employment Consortium
P.O. Box 2979
La Grande, OR 97850

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Training and Employment Consortium as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Training and Employment Consortium's basic financial statements and have issued our report thereon dated November 3, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Training and Employment Consortium's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Training and Employment Consortium's internal control. Accordingly, we do not express an opinion on the effectiveness of Training and Employment Consortium's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-01 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Training and Employment Consortium's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Training and Employment Consortium's Response to Finding

Training and Employment Consortium's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Training and Employment Consortium's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Consortium's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Consortium's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program And on Internal Control over Compliance Required by The Uniform Guidance

Board of Directors
Training and Employment Consortium
P.O. Box 2979
La Grande, OR 97850

Report on Compliance for Each Major Federal Program

We have audited Training and Employment Consortium's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Training and Employment Consortium's major federal programs for the year ended June 30, 2021. Training and Employment Consortium's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Training and Employment Consortium's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Training and Employment Consortium's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Training and Employment Consortium's compliance.

Opinion on Each Major Federal Program

In our opinion, Training and Employment Consortium, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Training and Employment Consortium is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Training and Employment Consortium's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over

compliance. Accordingly, we do not express an opinion on the effectiveness of Training and Employment Consortium's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

(The accompanying notes are an integral part of the schedule of expenditures of federal awards)

TRAINING & EMPLOYMENT CONSORTIUM
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2021

Note A - Purpose of the Schedule:

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") is a supplementary schedule to Training and Employment Consortium's financial statements and is presented for purposes of additional analysis. Because the Schedule presents only a selected portion of the activities of Training and Employment Consortium, it is not intended to and does not present either the financial position, results of operations, or changes in fund balances of Training and Employment Consortium.

Note B - Significant Accounting Policies:

Reporting Entity

The reporting entity is fully described in Note 1 to Training and Employment Consortium's basic financial statements. The Schedule includes all federal programs administered by Training and Employment Consortium for the year ended June 30, 2021.

Basis of Presentation

The accompanying Schedule includes the federal award activity of the Training and Employment Consortium under programs of the federal government for the year ended June 30, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Consortium, it is not intended to and does not present the financial position or changes in net position of the Consortium.

Federal Financial Assistance

Pursuant to the Single Audit Act and the Uniform Guidance, federal financial assistance is defined as assistance provided by a federal agency, either directly or indirectly, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance or direct appropriations. Accordingly, nonmonetary federal assistance, including federal surplus property, is included in federal financial assistance and, therefore, is reported on the Schedule, if applicable. Federal financial assistance does not include direct federal cash assistance to individuals. Solicited contracts between the Consortium and the federal government for which the federal government procures tangible goods or services are not considered to be federal financial assistance.

Major Programs

The Single Audit Act and the Uniform Guidance establish criteria to be used in defining major programs. Major programs for Training and Employment Consortium are those programs selected for testing by the auditor using a risk-assessment model, as well as certain minimum expenditure requirements, as outlined in the Uniform Guidance. Programs with similar requirements may be grouped into a cluster for testing purposes.

Basis of Accounting

Federal awards are reported using the modified accrual basis of accounting. Revenues are recognized when measurable and available. Expenditures are recorded when the related liability is incurred.

Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Insurance Coverage

For the fiscal year ended June 30, 2021, the Consortium had insurance coverage in effect comparable to other entities of similar size and circumstance.

Indirect Cost Rate

The Consortium does not use the 10% de minimis indirect cost rate. Instead, the Consortium is provided funds per each specific contract for indirect and administrative costs.

B. Findings and Questioned Costs - Financial Statement Audit

2021-001

Questioned Costs

Material Weakness: The Consortium has personnel with the ability to prepare the individual fund financial statements. However, the Consortium relies on us as the auditors to assist them in drafting the basic financial statements, including note disclosures, contain all of the elements required to comply with generally accepted accounting principles. We believe the Consortium has staff with the ability to understand, review, and take responsibility for the financial statements required to comply with independence standards outlined under both Government Auditing Standards and Section 1.2 of the Code of Professional Conduct. However, our assistance in drafting the financial statements described above produces a material weakness in the Consortium's internal control system.

None noted as a result of our audit procedures.

TRAINING & EMPLOYMENT CONSORTIUM
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2021

Criteria: Auditing standards require us to assess the internal control system of the entity. In addition, the standards clearly state that the auditor cannot be relied upon as part of the entity's control system. Communicating internal control related matters identified in an audit is a requirement of the standards. One aspect of this standard requires us to extend this assessment to controls over financial statement presentation. Proper controls over financial statement presentation require adequate knowledge and involvement to detect errors and omissions in the financial statements.

Condition: Although we believe the Consortium has staff with the ability to understand, review, and take responsibility for the financial statements required to comply with independence standards outlined under both Government Auditing Standards and Section 1.2 of the Code of Professional Conduct, our assistance in drafting the financial statements described above produces a material weakness in the Consortium's internal control system.

Cause: This condition is caused by the staff's limited experience with generally accepted accounting principles and the Consortium's reliance upon the auditors to perform these functions.

Effect: Since the financial statements and related note disclosures are prepared by independent auditors annually, there is no effect caused by this condition.

Context: Although the condition results in a finding, the reader should be aware that it is not unusual for an entity to rely on its auditors to assist them in drafting the financial statements and related note disclosures.

Recommendation: We do not recommend any change in the preparation of the financial statements, but the board should be aware of this control deficiency and stress the importance of thorough review of the financial statements prior to approval of the audit.

View of Responsible Officials and Planned Corrective Actions: As recommended above, the Consortium has not made any change in the preparation of the financial statements. The Consortium has finance staff with the qualifications to report the programs we operate in accordance with Generally Accepted Accounting Principles. Staffing is commensurate to the size of the organization. Management thoroughly reviews all financial statements.

C. Federal Awards Findings and Questioned Costs

None noted as a result of our audit procedures.

TRAINING & EMPLOYMENT CONSORTIUM
Summary Schedule of Prior Audit Findings
For the Year Ended June 30, 2021

June 30, 2020:

Financial Statement Finding:

Material Weakness: The Consortium relies on us, as the auditors, to assist them in drafting the financial statements and related note disclosures.

Condition: Although we believe the District has staff with the ability to understand, review, and take responsibility for the financial statements required to comply with independence standards outlined under both Government Auditing Standards and Section 1.2 of the Code of Professional Conduct; our assistance in drafting the financial statements described above produces a material weakness in the District's internal control system.

Recommendation: We do not recommend any change in the preparation of the financial statements, but the Board should be aware of this control deficiency and stress the importance of thorough review of the financial statements prior to approval of the audit.

Current Status: While the Consortium agrees with the finding, as recommended above, the Consortium has not made any change in the preparation of the financial statements. The Consortium does not believe it is cost effective to hire additional staff or an independent contractor to prepare the financial statements.
