To our loyal and future clients and customers,

Meet the Blevins family! Angie, our owner and broker, has been married to Mike for over 29 years. They are both from Enid and raised their family here. You may recognize the name, “Blevins,” from Jumbo Foods. Mike was a manager at Jumbo Foods for over 30 years.. Angie started in real estate in 2003, acquired her brokers associate license in 2005. She became a builder and opened A&J Quality Homes, Real Estate & New Construction in 2006. She has always loved both real estate and new construction.

Technology is evolving the real estate and construction industry, and we are evolving with it. We give you the opportunity to do virtual reality walk throughs and see amazing 3D renderings of your new home, remodel, or new business before we start the building process. We are also doing virtual walk throughs on our new listings so you can see your future home from the comfort of your couch. Keep up with our social media to see examples of what we can do that you can't find anywhere else in Enid.

Our team agreed the Blevins name needed to be a part of this business. You may have seen some new signs on familiar properties. We are so excited to announce that from now on we will be doing business as “Blevins & Co.” We have the same faces, same location, and same hometown integrity working to better serve you. Thank you all for supporting A&J Quality Homes and continuing to support us as Blevins & Co.!

Thank you,
The Blevins & Co. Team
