## A message from the Music Director:

Yes, this was me in 1986. My parents gave me a cornet for my birthday, and since then music has taken me many places in my life, given me many unforgettable experiences and introduced me to many fine people. It is a wonderful gift for which I am forever grateful.

Thanks to all of you for helping to give these kids that gift.

Thanks especially to the parents who volunteer their time in committees, and others for their extra behind-the-scenes help.

Many thanks to the St Stephens community for allowing us to use this beautiful building.

And thanks to ALL the kids for being absolute legends.

Cheers, Adam
