PERMANENT INTERNATIONAL MEDIA MONITORING MISSION

Disinformation is part of Russia's arsenal of weapons in its genocidal war against Ukraine and hybrid aggression against the West.

The Kremlin uses a powerful disinformation machine that spreads through a wide network of propaganda resources, actively attempting to justify its all-out war against Ukraine, discredit Ukraine, its government, army and people, as well as weaken support for Ukraine abroad.

In view of this, Ukraine and its 20 million strong Ukrainian diaspora must make every effort to counter such disinformation and ensure that the international community forms its opinions and makes its decisions about Ukraine and the Ukrainian diaspora on the basis of accurate information.

To help achieve these goals, on 25 January 2021, NGO “Ukraine-2050” launched the Permanent International Media Monitoring Mission on Disinformation about Ukraine and the Ukrainian diaspora, which:

- (1) monitors the media, social networks and other information resources in various countries in the world for disinformation about Ukraine and the Ukrainian diaspora;
- (2) analyzes the findings of this monitoring; and
- (3) takes measures to help counter such disinformation.

The Leadership of this Mission is the following: **Eugene Czolij**, Head of the Mission; **Myron Nayda**, Executive Director of the Mission; **Roman Panchuk**, Director of the Mission; and **Peter Sztyk**, Director of Strategic Communications of the Mission.

Our Mission has 176 members from 56 countries, who are doing media monitoring on a voluntary basis in 42 languages of the world since 4 June 2021.

Since our Mission aims to sensitize the general public and to raise awareness of disinformation, we conducted three online training sessions on disinformation – in Ukrainian on [27 March](#) and [30 October 2021](#) and in English on [15 May 2021](#). These online training sessions were recorded and can be viewed on the NGO “Ukraine-2050” YouTube channel.

The First Report of our Mission was officially presented on 31 August 2021 and covered the period from 4 June 2021 – the official start of the work of the Mission – to 24 August 2021 – the 30th anniversary of Ukraine’s renewed independence. It can be viewed:
