Am I required to purchase event insurance? Even if it's not a wedding and/or there's no alcohol?

- Yes. Our contract requires clients to be responsible for a lot of things. Because of that we've specifically tailored this policy so that you're able to meet those obligations without concern.

Can I purchase event insurance from another provider?

- No. It is mandatory that you use our provider, Nuptial.

I can find this policy for less elsewhere online. Why is this more expensive?

- Our requirements are very specific. The other policies that you're seeing online don't contain the language we require. Part of the reason that Nuptial offers this as a service to both of us is so that you can meet those requirements at as low a cost and as easily as possible. The other reason is so you're guaranteed to have the right coverage to take care of your obligations in our contract.

What's the policy deductible?

- \$0. This policy is meant to protect you & your event to ensure that everything goes well, even if it isn't to plan.

Do I need to email you a copy?

- Not at all. When you purchase, we automatically receive the necessary documents.

Since I have event insurance, my vendors don't have to be insured, right?

- Your event insurance protects your interest in hosting the event, not your vendors. We can discuss which vendors are, or aren't, required to have their own coverage.

Can't I just add my vendors to the event insurance?

- No. This policy is designed for the host of an event, not someone who is a caterer, bartender, DJ, or photographer. Think of your event as a business. Your business is hosting an event, and your vendor's business is being a florist or baker. Because of this, your policy isn't designed to cover those things.

Will this policy protect my investment, if we have to cancel?

- The required coverage will not, but you can add an optional “Cancellation & Postponement” coverage inside of Nuptial's application, which is based on your budget. Some examples of when coverage would apply would be for things like illness or injury, natural disaster, death or disability, or call to military duty. COVID is excluded, as is change of heart.
