

THE NEW BLACK FREEDOM MOVEMENT THE MOVEMENT OF FREEDOM AND LIBERATION FOR BLACK PEOPLE!

“The Black to School Campaign”

This is not a “go to school to get a job” slogan.

This is the “We are going to school to build our own” campaign.

Black America changes when Black people's intentions are to change Black America!

It begins with our intentions! We intend to build our own. So we are therefore going to school to learn how to build our own. This is our intention and our dedication to building our own.
We are going to school to learn how to rebuild our communities and to build a new Black Nation of our own.

How?

Think and find out what you would love to do.
Find out what you would love to study and do for the rest of your life. Then immediately, find and contact your local community college and make your appointment with an educational counselor. They will assist you and give you a plan to becoming a master of your craft. Then, with the assistance of your counselor, find out how this mastery can provide a service or a product for Black people, the Black community, and the world at large.

It begins with our intentions! We intend to build our own. So we are going to school to learn how to build our own. To rebuild the Black community, and provide for the future for a new Black Nation.

This is The Movement !
