To Whom It May Concern:

Please accept this letter of recommendation for Elite Wall Systems. I had the pleasure of working with EWS on the renovation of Enoch Pratt Free Library. The project was a \$100 million phased occupied renovation for a 285,000 square foot 90 year old historic library in downtown Baltimore.

EWS scope on this project included Interior Metal Framing, Insulation, Drywall, Acoustical Ceilings, Specialty Ceilings, acoustical wall panels and fabric Panels. The project had an aggressive schedule, multiple unforeseen conditions, high level of finish and a client who's needs constantly shifted. The Gilbane Team came to rely on EWS to complete a lot of out of scope work and the completed each task successfully.

Although the whole EWS project team was a pleasure to work with, Javier Ramos and the William Nolasco consistently went above and beyond the make sure we could meet the time, budget and quality constraints.

If you have any questions please feel free to contact me at the number listed below.

Sincerely,

A handwritten signature in black ink, appearing to read "John Durcan". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
