

L.A. FEATURED PHYSICIANS

STEVE RAD, MD

**Maternal-Fetal Medicine,
Obstetrics & Gynecology**

Dr. Steve Rad, MD, FACOG is an expert specialist in OBGYN/Maternal & Fetal Medicine. He is a Board Certified Diplomate of the American Board of Obstetrics & Gynecology and has undergone rigorous training with highest honors at renowned institutions. He completed medical school at the David Geffen School of Medicine at UCLA, Residency and Fellowship at the prestigious Cedars-Sinai Medical Center and additional training at international fetal programs. Dr. Rad is at the cutting-edge of his field and has earned numerous Top Doctor Awards. He is among few physicians with specialized training in advanced fetal ultrasound, prenatal diagnosis and treatment, with expertise in early fetal anomaly scan, neurosonography, and fetal echocardiography. Dr. Rad is especially passionate about taking care of women with the most high risk and complex pregnancies. Dr. Rad is well published, actively involved in medical societies including Society for Maternal Fetal Medicine, medical research, and loves to teach. Dr. Rad is Director of the Los Angeles Fetal & Maternal Care Center (LAFMC) with main office location at the prestigious Cedars-Sinai Medical Office Towers in West Hollywood, CA. He is on staff at multiple top medical centers in Los Angeles, including Cedars-Sinai, Providence St Johns, UCLA-Santa Monica, and Providence/Cedars-Sinai Tarzana.

The Center is a unique comprehensive maternal-fetal diagnosis and treatment center. It's boutique style focuses on providing individualized and one-on-one care to women and their families at one of their most important and vulnerable times. The center provides cutting-edge 3D/4D/HD ultrasound technology with expertise in very early fetal anomaly scans starting in the first trimester and focuses on the full spectrum of care from pre-pregnancy through pregnancy, delivery and beyond. Dr. Rad cares for women with normal, at-risk and high-risk pregnancies. The center includes an outstanding multi-disciplinary network and collaboration among multiple medical specialists and treats the full spectrum of

maternal and fetal conditions. Special areas include miscarriage and pregnancy losses, advanced maternal age, infertility, IVF, surrogacy, fetal and genetic abnormalities, multiple gestations (twins, triplets), genetic counseling and amniocentesis, placental abnormalities, preeclampsia, diabetes, infections, medical complications (thyroid, heart, kidney, cancer, and more), stillbirth, and preterm birth.

Dr. Rad is an L.A. native. He loves to spend time traveling and with family. His highest priority is his patients and the care they receive. Dr. Rad looks forward to taking care of you and your loved ones!
