## **DOD Servicing Division Mission Statement**

**Pro GPR is proud to service the DOD in its construction projects and regular maintenance endeavors. We are committed to going the extra mile to ensure the identification and protection of the utilities that make the jobs of servicemen and women possible in many aspects. We hold ourselves to the highest standards when it comes to our business with the DOD and are aware of the significance of on base utilities as some of the most important assets our nation has when it comes to the protection and upkeep of its maintenance machinery, intelligence, and weapons systems. It is our company's privilege to be a part of any on base developments that require our services.**

**Reach out to our DOD Servicing Department; fill out the service request form on our website.
