

VOLUNTEER

Community support and involvement is vital to our success. Our needs will vary, but we recognize and are grateful that God provides through His people. We will always need fuel, food and supplies. You can also volunteer to help with our special events and fundraisers. Pray about how you can volunteer and give to this important work.

Masterpiece

MINISTRIES OF ARKANSAS

**Partner with us to change lives
and restore families!**

Your support and donations will enable us to help women who want to break free from addiction. Your donations will fund our mission and women's transformation home.

You can make a one-time donation or become a monthly donor.

All donations are tax deductible.

**We accept cash and check
or you may give online at**

In partnership with WeCan Ministries, a network of over a dozen recovery centers in Arkansas, our transformation home will house up to sixteen women who will enroll in a long-term two phase in-house residence program. This includes a black out period and a rigorous daily schedule where the women are expected to attend daily Bible study, worship, complete chores, projects and work. We will help women find a job and re-establish them back into the community.

THE PROBLEM

The effects of drug and alcohol addiction in Western Arkansas is devastating. Arkansas was recently ranked No. #1 in methamphetamine use by the Substance Abuse and Mental Health Services Administration. Women are especially vulnerable to abuse drugs early in life. National studies show that girls between the ages of 12-17 are more likely to misuse all types of prescription opioids and stimulants than boys. Women are also more likely to experience intense cravings and relapse, and women suffer more liver damage and overdoses than men.

OUR MISSION

MMOA is a faith based, Christ-centered recovery ministry for women. We strive to help women break the cycle of addiction through the love and gospel of Jesus Christ. We desire to see women who are addicted to drugs and/or alcohol become rehabilitated and live productive God honoring lives. We want women to know that recovery is possible through a personal growing relationship with Jesus Christ. Our treatment center will focus on recovery from a Christian perspective while simultaneously working with other groups and organizations to have a lasting impact on the women we serve and our community at large.

**MMOA Women's
Transformation Home**

In a nine-county area in Western Arkansas with a total population of 134,000 there are currently no existing recovery centers for women. In this same nine-county area, population has decreased over the last ten years while drug addiction has been on the rise.

**Arkansas
ranked No. #1
in methamphetamine
use in the nation.**
