A Message From Our CEO

Dear Friends of Habitat for Humanity New Brunswick,

As we reach the midpoint of another exciting year, we want to take a moment to thank you for your continued generosity and support. Because of partners like you, Habitat NB is continuing to make a meaningful difference for families across our province.

Together, we are building more than homes – we are building stability, opportunity, and hope. With each new build, your support is helping families create brighter futures and stronger communities throughout New Brunswick.

Please take a moment to read our attached Mid-Year Update, where we share some of the milestones, stories, and progress made possible through your partnership so far this year.

We are incredibly proud of what we've accomplished together, and even more excited about what lies ahead. As the need for affordable housing continues to grow in communities across our province, your ongoing support remains more important than ever. Thank you for standing with us and helping make safe, affordable housing possible for more New Brunswick families.

Wishing you and your family a wonderful summer season and thank you, again, for being part of the Habitat for Humanity New Brunswick community.

Perry Kendall

CEO

With sincere gratitude,

**Gary Glauser
Leadership
Award**

*awarded to
Perry Kendall*

Awarded by the Non-Profit Housing Association of NB, to an individual who has had a significant impact in their role in the non-profit housing sector.

Perry is an excellent role model, who inspires others to work creatively and collaboratively, with an impressive track record of successful projects.

In addition to his work with Habitat for Humanity NB, Perry has served as a volunteer member of the Fredericton Affordable Housing Committee for many years.

In this capacity, he engages and encourages key stakeholders in the promotion of housing opportunities, particularly in the area of affordable homeownership.

"Given his unwavering dedication to the sector and outstanding contributions to Habitat for Humanity NB, we believe Perry is truly deserving of this recognition."

Welcome Home

Earlier this year, on a sunny May morning, Habitat NB, alongside donors, partners, friends and family, gathered on DeMerchant Drive in Fredericton, to welcome Melissa, Stephen and Family, into their new Habitat Home!

Across New Brunswick

5 additional families prepare to move in

6 homes nearing completion
*applications still open

9 new homes begin construction across 3 cities

We are accepting applications for 10 homes across New Brunswick
For more info and to apply - see the section above

This occasion marks the first home dedication of 2026, and the fourth family to move into homes on DeMerchant Drive, an innovative affordable-by-design community.

52 WEEK CARPENTRY PROGRAM

Build your Skills.
Empower your Future.
Strengthen your Community.

Constructing Futures - Trades Training through Sustainable Homebuilding

Across New Brunswick, the demand for affordable, energy-efficient, and climate-resilient housing continues to grow, while skilled labour shortages create significant challenges for housing delivery. Recognizing the connection, Habitat NB launched its Carpentry Trades Training Program in 2024.

What began as a small pilot project in Fredericton has quickly become a cornerstone of Habitat NB's homebuilding efforts. By combining hands-on construction experience, specialized energy-efficiency training, and industry mentorship, the program is strengthening both housing capacity and workforce development across the province. Now expanding to serve 32 students annually across Fredericton, Moncton, and Saint John, the program reflects the power of collaboration.

Developed in partnership with the Carpenter Millwright College of New Brunswick, the Canadian Home Builders' Association of New Brunswick, the Government of New Brunswick, and private-sector employers, this initiative is helping build the next generation of skilled carpenters, growing the workforce needed to deliver more homes, more efficiently.

As we prepare to welcome our next cohorts, we extend our sincere gratitude to the many partners whose support and shared vision have made this growth possible.

Help us build stronger communities through this initiative -

2026

additional highlights

What an incredible year for Habitat NB at the CHBA-NB's RESCON and Awards Banquet. We were deeply honoured to be the recipient of two awards for 2025.

These awards were presented in recognition of Habitat NB's energy efficiency, long-term sustainability, and affordability efforts in our homebuilds, alongside our innovative partnership with the Carpentry Millwright College, supporting skilled trades in NB.

Proud recipient of:

2025 Tim Kelly Memorial Builder of the Year Award

2025 Best New Affordable Home DeMerchant Drive duplex, Fredericton

Stories from Home brought together Habitat NB and the Charlotte Street Arts Centre for first-time, celebrating the power of community, connection, and belonging.

Throughout the evening, attendees heard heartfelt reflections on the meaning of home from Habitat homeowners, community members, including our Board Chair, Jenn Rivenbark, and Community Development Coordinator, Kris Wigle. These stories highlighted the profound impact that a safe, stable home can have on individuals, families, and communities.

Thank you to everyone who visited us at the 2026 Home Shows

See You in 2027!

Looking Ahead

As we head into the latter half of 2026, Habitat NB is looking into the future confidently, with hope and determination. The need for affordable housing is as prevalent as ever, as is the growing need for sustainable support systems.

It is not without the hard work, support and commitment, of our donors, partners, volunteers and dedicated team, that we are able to maintain our promise of bringing people together to build homes, communities and hope, throughout New Brunswick.

Thank You!

We couldn't do this important work without you.
