For Immediate Release

This Spring brings a season of hope for two Shediac families.

Shediac, NB – Habitat for Humanity New Brunswick (Habitat NB) will have the pleasure of holding a home dedication ceremony today with two Shediac families who have just moved into their brand new, affordable homes.

Plans for construction of a Habitat for Humanity home in the Shediac area began when the Town generously donated a vacant lot to Habitat NB. Acquisition of appropriate land is always an important first step to construction of Habitat homes and is often one of the significant challenges faced. This lot was large enough to accommodate construction of a duplex – which allowed Habitat NB to build two homes to house two families.

“We are so pleased to have the opportunity to partner with the Town of Shediac on these homes,” says Perry Kendall, CEO, Habitat for Humanity New Brunswick. “It is always encouraging to work with municipalities who are committed to improving living situations for families in need of safe, affordable housing. By working together, we can help families make the transition to affordable homeownership.”

Habitat New Brunswick currently has over 90 families in homes throughout New Brunswick and is dedicated to increasing its impact to help rectify the critical lack of affordable housing in our province. This vital work can only be done with the support of donors and volunteers. It is support such as this that allows Habitat NB to build a solid foundation for families in need of a safe, secure, affordable home.
