Do you know where you've come from.
Must you see to Believe in,
were you Blind all along.

2 Second Verse

Can you give the Right answers
can you Tell Right from Wrong
if you show all your Tears
will it Prove you Belong

Chorus

who is the lady in your eyes
who makes them light up
who makes them shine so Bright
all she appears to Be
Could Be a lie you see,
a mark made up of steel
May hide a Beast Beneath.
Could Be she's leading you on,
is the image Real.
The image that you see,
is the image Real
open your heart you'll see.
