

INTO YOUR HEART.

1978.

we've Travelled a long long way
i Drifted slowly from your heart
By Someone along my way,
got sideTracked from the Start.
The Madners come along,
got rusty Takin over.
led The way back for me,
into your heart.

i've Travelled so far away,
i fell Too long sleeping.
your sad cryin eyes i had made,
Awoke me from Dreaming.
Reality hit so fast,
Scared me going under.
Too Late To wipe The SKARS i cut,
into your heart.

no matter where you are you'll always Be.
free of The hurt i caused and misery.
i Tried not To Be unkind
all the Madners made me Blind.
and lost in Dream Land.

i've Travelled a long long way.
Back To find where you still There,
Passed The side walker on my way,
The Madners sleeping there.
a sTranger come along,
made me stop and wonder
found The way That led Back To you.
into your heart.
