

PLAYING HARD TO GET.1976.

TALK TO ME I WILL UNDERSTAND
 Call me up when you feel you can
 you come and go do what you please
 Because you feel I'm afraid you'll leave.

Turn me on. Turn me off.

Drop me Down. Pick me up

if you feel The need To

if The Madness Takes you.

you pick and choose fooling who you can
 if They Could only see you Couldn't give a damn.
 it makes me laugh while They Praise you.
 you lap and Soak it up, grin and hide Behind The Truth.

Take me on Set me up

Shout me Down Rip me off.

if you feel you need To,

if The Madness Takes you.

your Secrets growing old with you
 while you're Bury Playin hard To get.
 your Secrets gonna Die with you,
 Still acting Bury, playing hard To get.
 you're Gotta Wake up and see That
 The world is not Built around you.
 you can't always have it Both ways
Realise Time is slipping FROM you.

CRAWL BACK TO ME When There's no one else
 on your knees when They've found you out.
 no let me be, i no longer need you
 can't you see There's nothing To go Back To.

calm me Down, wind me up.

wear a frown. Laugh it off

if you feel The need To,

if The Madness Takes you.

your Secrets growing old with you
 while you're Bury Playing hard To get.
 your Secrets gonna Die with you
 Still acting Bury, playing hard To Get.
 you're gotta Wake up and see That,
 The world is not Built around you,
 you can't always have it Both ways,
Realise Time is slipping from you.
