

Well, I am writing my May Sugar Creek Garden Club newsletter. This should have been my last newsletter of the year, but since we have suspended the year because of the “stay at home”, we will be continuing our year into June.

May will still not see us meeting, but come June and we are all still healthy – we will see each other again. I am still not believing what has transpired since our last official meeting in February. The Covid-19 has reshaped all our lives and our activities. My hopes and prayers are continuing for all of us that we will soon be back to some semblance of normal.

We have a tentative date for our last luncheon and officer installation at the country club. So, please mark your calendar for Thursday, June 11, 2020, at 11:00, for a luncheon honoring the Executive Board at my house; and for Wednesday, June 17, 2020, for a luncheon and installation.

Trying to be flexible, if the opening of Texas does not go well, we will try for July to get together for a culminating luncheon.

I need to keep reminding myself that success and fulfillment and happiness can be found in all sorts of surprising places. Life often moves us in unexpected directions. We just need to find ways to work with what we are given.

Miriam

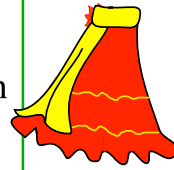

Remembrance

We offer condolences to Trixie Bond, whose father passed away this week.

Aileen Flack, a longtime Garden Club member, has been hospitalized several times.
