SCGC President's Update*

**My favorite color is OCTOBER and FALL is my Favorite F-Word!**

Happy October Everyone!

We started the year off with a Bang! We had 59 attendees at the September meeting. I was absolutely thrilled! Mother Nature is already moving ahead this October and she is cooling our weather down a bit. Yes, we still need to socially distance and wear face masks, but we can start to put pumpkins and fall décor out. Soon, we will be grabbing a sweater and heading out the door for a brisk morning walk.

A warm welcome to all of our new members. We continue to add a few each month. Some members work outside the home or have other obligations. Please check out our monthly programs in the yearbook or in this newsletter to see what is going on. Try to attend a meeting whenever you can. We all live in the same neighborhood, and SCGC is a wonderful way to not only up your game in the garden, but also make new acquaintances and build friendships.

We've been busy with virtual to start thinking about holiday Soon Holiday Lighting checking out our outdoor Friendship Tea will be held calendars for the start of the

I'm getting at least 2 bricks. One will be in memory of my mother and the second for my mother-in-"love". Another friendly reminder is to browse the advertisers in the yearbook. They need our business too during this pandemic.

This campaign officially ended on October 3<sup>rd</sup> but we are still accepting late donations if we haven't had a chance to connect with you yet. The more we raise, the more projects we can do! Now that fall is in the air, you will see us working on Beautification Project #3. Projects could possibly be on a street near you.

**Did you know:**

For more than forty years, SCGC has been a powerful force for the beautification of our subdivision. Since our founding, the Club has donated, planted, and maintained many trees and flower beds in the esplanades and highly visible areas of Sugar Creek. The Mother's Garden and the Russell Garden, as well as park benches, are examples of the projects that our Club has enjoyed contributing to. Additionally, SCGC awards **two** scholarships each year to horticultural graduate students and contributes to the holiday spirit by providing decorations near most entrances. This year will be no exception to that rule.
