

Christmas Decorations 2020

WREATHS

Gary Sandford and his maintenance person (Selso) puts these wreaths up.

Enrique only puts lights up on the Guard Houses.

DO NOTE:

Several of the wreaths do not have working lights currently and were only purchased 2 years ago.

I believe this is because of the way they are handled and weather wear/tear.

We must be more careful with the handling and the storing of.

They were purchased at Craft-Text for \$70 each.

If we buy 6 we can get them for \$60 each.

HOA is reimbursing for the 6 new wreaths that are being purchased this year (2020)

as replacements for the 5 that are burnt out.

Also (12) XL RED Weather-Resistant Bows are being purchased for the front entrance and will be reimbursed by HOA.

(3) 48" WREATHS with Lights:

1. Southwestern Entrance
2. David Searls Guard House
3. Country Club/Dulles Guard House
