info@gvbbiopharma.com

All products produced by GVB Biopharma are derived from Industrial Hemp and are compliant with The Agricultural Improvement Act of 2018 (The 2018 Farm Bill). All our industrial hemp products are extracted from the highest quality Oregon grown industrial hemp with a THC concentration of no more than 0.3% on a dry weight basis. Additionally, all of our finished products are manufactured and tested to ensure they contain less than .3% THC by weight.

Included with this shipment is our 2018 Farm Bill compliant hemp handlers license issued by the Oregon Department of Agriculture (ODA). Also included is a Farm Bill Compliant pre-harvest test conducted in accordance with ODA regulations by an ORELAP accredited lab showing that the raw hemp used to produce this/these products is federally compliant. Additionally, included is a Certificate of Analysis from an accredited laboratory showing that the finished product(s) contained in this shipment is/are federally compliant.

Please note that the included pre-harvest certificate of analysis is representative of the raw hemp material that the products contained in this shipment were derived from. The Certificate of Analysis for the actual Finished product in this shipment is also included. The pre-harvest certificate of analysis is included only to show that the material that the finished product was derived from is federally compliant, please do not confuse it with the actual finished product certificate of analysis also included.

All testing records are meticulously maintained and available upon request.

I certify that all information furnished in this letter and supporting documents are accurate, truthful, and complete. I understand that anyone who furnishes false or misleading information or omits information relating to this certification may be subject to criminal and/or civil penalties, including fines and imprisonment.
