❖ Introduction

- ❖ About Elaf Alhifthi Engineering Jeddah
- ❖ Philosophy
- ❖ Industrial Sectors Under Focus
- ❖ Areas and Scope of Services
- ❖ Working Philosophy

❖ Project Profiles

❖ Our Valuable Clients

❖ Project Overview - Civil, Mechanical / Electrical

❖ Past Experience (Civil, Mechanical & Electrical works with Pictorial)

❖ Workshop Pictorial

Elaf-Alhifthi Engineering with its inception in 2008, underlying focus is on the creation & incubation of growth business ventures.

The combination of Elaf Alhifthi strong management team's expertise of several decades of successfully delivering industrial projects and group's synergy is the essence to reach par excellence in its performance; committed to serve the all industrial sectors (Oil & Gas, Petrochemical, Fertilizer, Power & allied process industry) in Saudi Arabia.

Built on strong ethical values, quality and entrepreneurial spirit, we are ready to undertake any challenge and niche emerging opportunity on the horizon while maintaining Highest Safety & Quality.

AHE is a progressive company and provides one windows solution i.e. Engineering, Procurement and Construction of Mechanical (Storage Tanks, Vessels & Pipe Spooling) & Electrical - also has very effective management & business processes tools, equipment & machinery for addressing all types of Electro-mechanical General Construction and Plant Maintenance, Turnarounds & Retrofit needs.

Elaf-Alhifthi has two well equipped production facilities which are located at Hay Al Jawhara Jazan Road Jeddah, KSA.

❖ CEO's Message

❖ From the beginning, Elaf-Alhifthi has been committed to support the communities in which our employees work and live. At the heart of Elaf-Alhifthi success is our commitment to make our Clients successful. Our Clients include many of the world's leading industrial, consumer and automotive companies. We begin by understanding our Clients' business needs and product application requirements of the end users of our Clients' products. Then we design and deliver innovative motion solutions that help our Clients to differentiate their products in the marketplace. Elaf-Alhifthi is all about creating and delivering value - and growth is the primary measure to this goal.

❖ A solid network

❖ Decade operating at the cutting edge of engineering technology have provided Elaf-Alhifthi with the experience and expertise which today enables the company to deal with projects of all types and virtually any size or scale. Quality, ingenuity and reliability form the core of Elaf-Alhifthi's operations, coupled with a high level of professionalism and first-class service.

MOUSA AMER AHMED ALHIFTHI

❖ Vision

- ❖ To be recognized as a reliable source for ensuring business success in delivering world class engineered products, services and turn-key solutions at the most competitive price with premium quality and reliability.

❖ Mission

- ❖ To be recognized as a worldwide reference being an EPC company through its clients trust and reliability. A company focused on talent growth for its workforce to be at a level that they can serve not only within the country but all around the globe contribution in the world economy efficiency.

❖ Core Values

- ❖ Trust
- ❖ Honesty
- ❖ Integrity
- ❖ Courage
- ❖ Respect and dignity
- ❖ Prosperity for all stakeholders including employees

❖ **QUALITY ASSURANCE & QUALITY CONTROL**

Elaf-Alhifthi is committed and consistently provides the highest quality of services to its customer as per internationally acceptable standards. Elaf-Alhifthi has an independent QA/QC Department. In charge QA/QC sits at head office & looks after the quality matters by deputing the quality staff at sites & Elaf-Alhifthi Works. QA/QC department is fully supported by the top management & employees at all levels.

❖ **ISO CERTIFICATION**

Elaf-Alhifthi is working according to standard of ISO's and client recommended standards. All production and activities are carried out as per ISO's clauses. We are **ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018** Certified.

❖ **QUALITY MANAGEMENT SYSTEMS**

Elaf-Alhifthi has a fully documented Quality Management System.

❖ **Quality Manual**

The Quality Manual contains details of quality policy, quality system procedures, quality organization & the responsibility & authority of the key personnel. It also defines the channels for communication with the customer so as to cater to his specific requirements.

❖ **Quality Assurance Procedures**

Elaf-Alhifthi Quality Department has developed its quality assurance procedures for all departments including Business Development, Proposals, Planning, Human Resources, Quality, Procurement, Stores, Production, Maintenance & Sub-Contracting, & Information Technology Resources.

❖ **Work Instructions:**

In-order to attain ultimate quality control over its products Elaf-Alhifthi follows its standard Work Instructions.

❖ **IMPLEMENTATION, MONITORING & IMPROVEMENTS:**

The QA/QC manager is responsible for the implementation of the ISO quality assurance program. Furthermore, employees at all levels, by way of training & discussions, are made conscious of their responsibility towards QA/QC, & in addition to their normal duties, are also required to simultaneously take up the role of QA/QC managers in their own sphere of influence. The QA/QC manager is also responsible for a constant review of the quality manual, procedures, plans & work instructions & to recommend any improvements to the Managing Director.

❖ **Quality Audits:**

In order to ensure our commitment towards quality, the Quality Management System is audited in a year by Certifying Authority. Internal quality audit is also conducted at an interval of 6 months by qualified internal auditors.

❖ PROJECT SAFETY

Elaf-Alhifthi as a matter of principle & policy lays great emphasis on Health, Safety, and Environment & Security.

❖ HSE Documents:

Elaf-Alhifthi has a documented Health Safety & Environment (HSE) policy & a construction site HSE manual which provides guidelines for all aspects for construction sites, material handling & storage, waste handling & disposal, working in hazardous areas & locations.

For projects requiring job specific HSE plans, the HSE Department is responsible to carry out a HAZOP study & to get it approved from the customer.

❖ Monitoring & Implementation

The overall HSE responsibility rests with the Managing Director & delegated through the HSE Manager down to the ordinary worker level. It is the duty of each supervisor to enforce the HSE policy by conducting safety talks, demonstrations & conducting spot checks for any violations.

An incentive & reward program encourages the personnel to enhance their performance in this key area.

❖ Previous Record

Elaf-Alhifthi has an excellent record in the field of Health; Safety & Environment has earned a number of awards & citations from various customers. Elaf-Alhifthi is fully committed to discharge its responsibilities towards HSE to its customers in particular & to community at large in general.

INDUSTRIAL SECTORS UNDER FOCUS

Oil and Gas

Chemical / Petrochemical

Power

Fertilizer

Cement

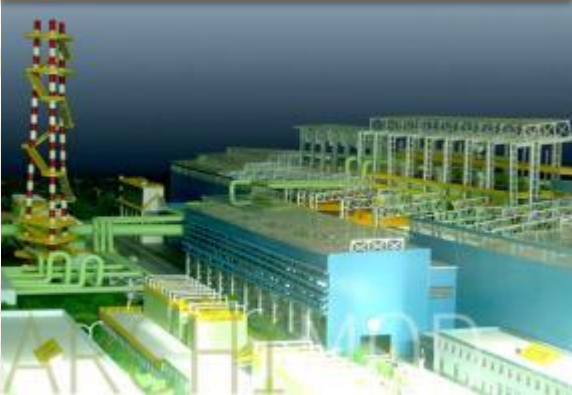

Water Treatment

AREAS OF SERVICES

Engineering

Construction

Manufacturing

Cement Plant

Maintenance

Paper & Pulp

SCOPE OF SERVICES

- ❖ General Field Construction (Civil, Mechanical & Electrical works)
- ❖ General Shop Fabrication (Piping, Tanks & Structure)
- ❖ Piping Spools Pre-Fabrication
- ❖ Manufacturing of Storage Tanks
- ❖ Plant maintenance
- ❖ Shutdown & Turnarounds
- ❖ Field Testing & Pre-commissioning
- ❖ General Electrical Installation Work
- ❖ Fire Alarm System and Emergency Lighting
- ❖ Maintenance Contract, Data Wiring, Access Control, CCTV
- ❖ Assist for Design from Client

- ❖ **Elaf-Alhifthi Engineering** is self sufficient in all kinds of machinery, tools, equipments & plant required to successfully carry out the mechanical fabrication, Electrical and Mechanical construction & erection of plants & machinery.
- ❖ **Elaf-Alhifthi's** material sourcing section is always in constant contact with the foreign & local suppliers in order to assist the Clients for the procurement of any materials required by them.
- ❖ **Elaf-Alhifthi** can also provide complete in-house engineering, design & fabrication services for manufacture of SS & MS tanks, vessels, mechanical equipment, plant electrical Installation & distribution. Inspection services & material testing can be arranged as & when required.
- ❖ **Elaf-Alhifthi** has sufficient skilled manpower available to plan & execute large industrial projects & can mobilize manpower at short notices.
