Chapter Directors

Greetings Chapter. The weather is finally suitable for some rides and what better way to enjoy our bikes than to ride in nice weather.

May is Motorcycle Awareness month and we will be putting on our annual event to support Motorcycle Awareness and to help educate the general public on our hobby and to watch out for riders. We will also be conducting our annual Chapter event at the same time to raise funds for the Chapter. I know we have members from Chapter's C, D, E, and I coming to support our event. We will also have a Motorcycle demonstration by the State Police Division.

Wing Ding is fast approaching and looks to be a grand time. If you haven't sent in your registration and plan on attending, I suggest that you get them sent in soon. There will be many vendors and as usual, classes to attend. See some old friends and make some new ones. I know that in the past Chapter L has made our presence known, let's keep that tradition going.

As we head to Wing Ding, Lorrie and I will be leaving on Thursday to head over and to visit her son in St. Louis for a couple days prior to the event. If you want to ride with someone that is going, get in touch with me and I can direct you to others that will be going. We look forward to seeing our members there.

In April we also had a bike clinic at our house, and I believe everyone enjoyed themselves. I smoked a couple pork butts and made pulled BBQ and everyone in attendance brought a side dish. If anyone left hungry it was their own fault. Besides eating there was also work performed on some bikes. Karen needed to install a CB radio which she and Terry Elliott performed. It worked great before putting everything back together but once it was done, nothing worked. They ended up tearing it down again on Monday and got it corrected. Way to go guys and learning to work on a Wing, it was a lot of work. Other bikes were also worked on but not to that extent. A fun time was had by all.

In closing, we hope to see you at our event to assist and make this a successful event. We have many games and events going on throughout the day. If you care to volunteer, contact Lorrie and she will get you assigned to an event. Thank you. As always be safe, ride safe and keep the shiny side up.

Dan Clark & Lorrie Thomas

Membership Enhancement Coordinators

eastondm@cox.net

Membership Enhancement

MEP in a Nutshell

The Purpose of the Membership Enhancement Program is to ensure that GWRRRA members at every level in the organization have an enjoyable experience while participating in the many opportunities GWRRRA provides. To make a long story short...we want you to have FUN!

We all joined GWRRRA because of our love of motorcycling, and that's certainly a primary focus of the organization. Our many Chapters around the globe contribute to the joy of riding by connecting us with like-minded individuals and creating a network of family so that—no matter where you go—you always have friends nearby. Imagine having a worldwide family that is just waiting to welcome you home, wherever that may be—it's a great feeling!

Our GWRRRA events, from the Chapter level all the way up to Wing Ding, are designed to provide everyone with FUN opportunities that include exciting rides, social gatherings and educational opportunities.

And that feeling of family, of belonging, of more opportunities to have FUN...that is what the Membership Enhancement Program is all about!

While the Chapter Directors are known as the "FUN Directors", our Chapter Membership Enhancement Coordinators can support the "FUN Directors" by becoming the "FUN Experts". They are the folks you can talk with about ideas for increasing the FUN in your Chapter life—and don't be surprised if you end up becoming more involved as a result! Remember – the more you participate, the more FUN there is to be had!

Let's all remember "It's not the Destination, it's the Journey"

Till we meet again and have a little, "Group Therapy".

Ride Coordinator

The Ride Calendar has been updated and has some exciting rides coming. The month of April only had one event as we were forced to cancel one ride and I was tied up with teaching. We had an ARC and TRC class in Chesapeake and a Road Captain course in Manassas. We will be putting together a Road Captain course in the future for those that care to take the class in our area.

We have our Chapter event coming up on May 15th and will need everyone to assist in setting up along with manning booths, games and displays. Contact Lorrie to sign up for a task, she will be glad to assign you a job.

By the time this newsletter is released, Lorrie and I will have attended the Tennessee Rally in Pigeon Forge. I am sure it will be a grand time, it always has been. Join us next year if you can.

Listed below are the upcoming rides for the month of May.

- | | |
|--------|------------------------|
| May 15 | Va-L Event Bike Rodeo |
| May 22 | Lunch ride to Deadwood |
| May 25 | Next Chapter Gathering |

We hope to see you on the rides and look forward to having our event. Be safe, ride safe, and keep the shiny side up.

District

The Lovely Month of May

Lorrie Thomas & Dan Clark
VA District Directors
lorriemthomas@aol.com
wingernut93@aol.com
LT: 954-599-5178 DC: 757-343-1783

Dan and I are so happy to see the Chapters starting to come to life. Most Chapters are riding, a fair number are gathering and meeting for ice cream or dinner.

I have written before about the opportunity this “pandemic pause” offers us. It is an amazing chance to reboot, retool and reorganize.

What have you always wanted to do differently? What activities or programs would you like to bring back from the past that was so much fun? How about silly awards? Recognition for ‘caught having fun’? Who remembers doing Bug Runs? When was the last time you brown-bagged lunch at a nice park? How about getting together for playing cards, board games or potlucks for those who prefer to just socialize.

Take it easy on the Members who aren’t quite ready to get together but keep them engaged. Call a virtual gathering, play games or just chat. Or simply, give them a call.

By the time you read this, the District had sponsored a Trike and Advanced Rider course and traveled to Manassas to do a Road Captain course. We did that one safely, at a park, out in the open. Would you like some training? Team Riding is a good refresher Seminar for the start of the riding season or Riding in the Heat or Rain Modules, maybe?

Even without as many events scheduled, check with neighboring Chapters to see if they are gathering and pay them a visit. See a cool ride on a Chapter schedule, ask if they’d mind if you joined the ride. We have some awesome ride planners in this State.

Nothing says REFRESH better than to recruit new Members. How can we help you plan a recruiting event? The month of May being Motorcycle Awareness Month allows you an opportunity to set up a few chairs and a table in front of a store and hand out the free information available on the Motorist Awareness website and (as a bonus) recruit, too. New Members are a shot in the arm, a transfusion of excitement and critical to keeping GWRRA Chapters alive and happy.

Along with recruitment, another way we grow is through retention, keeping the precious Members we have now. Recognition is one of the tools we use to retain Members. There is always a Member or Member Couple that have stood out even during these tough times that can be recognized for going above and beyond, exhibiting positive attitudes and consistently offer a helping hand. It is never too late to recognize a Chapter Couple or Individual of the Year.

Keep the energy going. Reach out to the District Team with questions or to allow us to assist you.

The Iron Clad Wings

Our Mission Statement: RIDE & GROW

Respect all motorcycle riders and motorists

Inspire members to participate in the Levels Program.

Dedicated towards providing a family atmosphere so everyone has fun.

Educate our members about new innovations regarding riding, safety, and about GWRRA.

&

Give back to the community, resulting in a positive image of motorcyclists.

Relax, and enjoy the ride!

Offer assistance and encourage participation by all members.

Work with members by assisting them in achieving their goals.

So, what are we really saying...

We don't discriminate; all types of motorcycles are welcome. If your friends are looking for a group to ride with, that believes in and practices safety, we are that group. Respect drivers by being courteous with our lights and riding style.

We want all our members to participate in the Rider Education (Levels) program. The Levels Program allows members to advance from Level 1 (Committed to Safety) to Level 4 (Safety By Enhanced Commitment and Preparedness), also known as Master Tour Rider. As our members gain experience and miles, we inspire them to advance to the next level.

We are a family association; we are dedicated to providing a fun and friendly atmosphere to members and visitors of all ages. We strive to make every event fun.

Chapter L is dedicated to educating our members and visitors about motorcycling. We do this by having training provided by certified trainers that have graduated from Gold Wing University. We educate members about riding alone, with a co-rider, and in a group. We educate on riding as a team, pulling trailers, crash scene response, leadership, fun events, advances in motorcycling, and much more. Our trainers are evaluated by senior trainers to ensure they remain up-to-date regarding motorcycling.

Not all motorcyclists are the same; we strive to present a positive image to the public. We inform the public about what our association stands for; Friends, Fun, Safety, & Knowledge. We are a part of the community and want the community to be a part of us.

Have fun and enjoy riding with Chapter L. We want all of our riders to relax and enjoy the ride while being among friends that share your passion... riding.

It takes everyone to make the Chapter successful. But what is the definition of **successful**? Successful means the Chapter is fun. Successful means the Chapter rides a multitude of routes with varying distances. Successful means people want the Chapter to thrive. Successful means people ask "what can I do to help..." Successful means our membership thrives. In other words, we cannot be successful without you. Participation from all members results in the Chapter being successful.

Have you achieved your goals you've set? Regardless whether your goals involve motorcycling or are professional, chances are, there is someone in the Chapter that wants to assist you in achieving your goals. Our goal is to assist you in achieving your goal.

Our Motto: RIDE and GROW with VA-L

The Iron Clad Wings

Birthdays, Anniversaries, & Other Information

MAY BIRTHDAYS

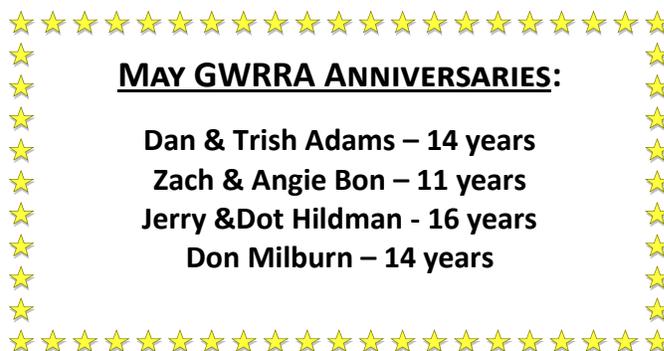

- Paul Bricker— 5/22
- Al Dobbins—5/27
- Lyndsey Easton—5/24
- Doug Gilliam—5/17
- Erik Jorgensen—5/23
- Lisa Makowski—5/21

MAY ANNIVERSARIES:

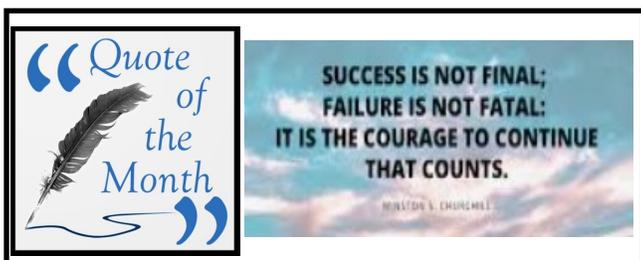

- NICHOLAS & TERESA KNOX
- KEITH HERCHENRODER

MAY GWRRA ANNIVERSARIES:

- Dan & Trish Adams – 14 years
- Zach & Angie Bon – 11 years
- Jerry & Dot Hildman - 16 years
- Don Milburn – 14 years

Helpful information for members

To get Chapter, District, and National patches for your vest, contact our Chapter Treasurer, Will Conrad.

For things you might typically pick up at a Rally, but don't want to wait until the next one comes around:

- **Chapter Shirts/Rider Ed patches:** See the Chapter Directors; Dan Clark & Lorrie Thomas
- **Name Tags:** www.TheEngraver.com (take note of spelling—only 1 'e' at beginning)
- **Vests & sewing patches:**
 - Perfect Fit Alterations, 357 Johnstown Rd, Chesapeake. They also do vest embroidery
 - The Leather Arts Store at 415 N. Military Highway, Suite 13. Ask for the owner, Dennis
- **Embroidery & Name Tags:** Nancy Harbison Uniforms & Tailoring at 479 South Lynnhaven Road, Virginia Beach (463-3241)

These are by no means the only place to get your desired items, just the ones that seem to be used the most by local chapters.

Wheel Traps

Well, what would you call them?

By James R. Davis

<https://https://www.msgroup.org/>

As agile as we know our motorcycles are there are times when two wheels simply are not up to the tasks we present to them - unless we know HOW.

For example, assume you are riding along and notice that there is a trough in the middle of the road extending for as far as the eye can see. It also just happens to be about four inches wide and about one inch deep. Like a magnet, that trough sucks your front wheel into it, the rear wheel obligingly joins it and suddenly your wheels are trapped. You cannot steer out of it.

OK, OK, I can hear it now: 'Get real!'

Fine, so it's not down the center of the road. It's along side and some people would call it a rain gutter.

Or it is down the middle of the road, but it only has one side - they resurfaced the road, one lane higher than the one next to it.

Or you eased off the pavement and there was about a one inch drop to the apron beyond.

Or you are on a surface street and pull over to the curb and your front tire slides right up against the curb, parallel to it.

You get the picture. There are all kinds of traps out there that we don't normally have to deal with but that can be encountered at any time, and you will have no choice but to deal with them.

In every case I described above the problem is that you must either ride up and over one side of the obstacle or you must turn away from that obstacle - both of which turn out to be more difficult than first expected.

The problem, of course, is that you often simply cannot turn your wheel because it **IS** trapped. An effort to turn away from the curb that your front tire is hugging finds that the rear edge of the tire must push against the curb in order for the front edge to turn away from it. A mere one inch of height is sufficient to stop you cold - your bike will fall over before you can turn the wheel.

In this particular case you have no choice but to stop completely, lean the bike away from the trap, and walk the bike free.

Never get within 6" of a raised surface that runs parallel to the direction you are moving!

Continued on next page

The Iron Clad Wings

If the surface is only 1" high you can ride over it without much concern so long as you approach it at any meaningful angle. (Greater than 20 degrees.)

Anything higher than about 1" and you must put as great an angle of attack to it as possible. Ideally you want to cross over it with a 90 degree (perpendicular) angle.

Always approach a trap that you must cross over with more than a 20 degree attack angle.

It is not so much that you should fear that your front tire will fail to get over the trap, it is that you must be concerned about getting your rear tire over it. What happens if your attack angle is low is that you instinctively turn your front wheel into the trap to get over it, so it does, but your rear tire, having a lower attack angle, slides along the trap rather than going over it. This immediately twists your bike into the turn and presents an ever increasing attack angle for that rear tire. At some point (quickly) the attack angle will be sufficient and the rear tire will grab and ride over the obstacle. Unfortunately, while it was sliding along you and your bike turned the front wheel in the direction of the slide. Thus, when that rear tire grabs it is analogous to the classic conditions of a highside. About $2/3$ s of a second later you will hit the ground.

Before trying to ride over a trap that is relatively close to you, turn away from it and then towards it in order to build the largest attack angle possible.

About $1/2$ second before your front tire hits the obstacle, accelerate. That unloads your front shocks. At the same time shift your weight to your pegs and lift your butt off the seat. When the rear tire hits the trap the rear-end of the bike will get quite a vertical jolt - possibly enough to throw you off the seat and cause you to have to fight for control if you have not already raised that derriere.
