

MORE EVENTS IN 2024

SHARED BOOTH AND SALES COVERAGE

Insurance Insiders Open Their Network

We have been exhibiting technology solutions at industry events for 25 years as both an incumbent with a bloated booth, and as a disruptor in a cube Maxwell Smart couldn't find.

Over that time, I have proven the ability identify and qualify deals at a wide range of industry events. As 2023 draws to a close, I am engaging a limited number of insurtechs to promote, prospect, and qualify deals at insurance industry events in 2024.

- Lack the budget for a booth?
- Unsure if an event is right for you?
- Need a trusted advisor to network?
- Need insurance expertise to prospect and qualify?

This service offers you the best bang for your buck at industry events by leveraging my network, mindshare, and proven qualification processes. You need:

- Quantifiable Value Proposition
- Willingness to Close Deals in 90 Days

Single event packages start at \$500, and a booth presence starts at \$1000. Let's talk and see what makes sense for both of us.
