

Northeast Ohio Diving Academy Policy Form

The following general guidelines are to inform athletes and parents of the team's policies regarding attendance, practice, being a part of the team and general pool policies. These rules are a necessity for safe, productive, and fun practices. Thus, they will be strictly enforced with no leeway from any coach.

1. Absolutely no abusive language or behavior will be tolerated in any way. Violation will result in removal from the team with no fees returned.
2. Athletes must sign-up at least 2 hours prior to the desired workout. If there is no one scheduled 2 hours prior to practice, the practice will be considered canceled. If you attend a practice that you are not signed-up for or have not called about, it will be up to the coach to decide if you can participate.
3. If a class is missed, you will have until the end of the current month to make it up. It can be during any of the practice times, if space is available. Please email neodivingacademy@gmail.com to inform us of a makeup class with the date of the class missed. Any missed practices that are not made-up during this time are still billed and cannot be carried over into the next month.
4. Divers should arrive at practice no earlier than 15 minutes before their scheduled time and should be picked up no later than 15 minutes after their practice is over.
5. Parents and athletes must park in the large lot past the pool. Please do not use the spots marked "Faculty". It is for the school staff only. Also, parking in front of the school is strictly prohibited! This is a Fire Lane, and is illegal to occupy. Your car can and will be ticketed and towed if found there.
6. Divers should come directly to the pool when they arrive at the school. Any diver found in another part of the school is subject to dismissal from the team.
7. We ask that parents pick up divers, when possible in the pool area. We realize that this can be difficult at times, we ask this so that when we leave, we know all divers are gone. Often, we are the last people using the pool area and we make sure everyone is gone. We appreciate your cooperation in this matter.
8. Parents are welcome to stay and watch their diver practice but must remain in the bleachers. Please do not communicate with your child or his/her coach until practice is over. We will not allow any contact between divers and spectators, except in emergencies. This is necessary for a safe and productive practice.
9. All trash must be removed from the pool and locker rooms after every practice. If a diver is found to be leaving trash, or generally be disrespectful to the School, their locker room privileges will be removed.
10. Our diver's attention to their coach is vital for their safety and skill development, so please do not distract or interact with your child during practice time. If you need to speak with them, please talk with the coach first.
