

Glenn Pearson, a long-time resident of Manatee County, is running for the U.S. House to represent the residents of Congressional District 16.

A long-time resident of the district, Glenn is the past president of the Manatee County Democratic Black Caucus and past vice chair of the Manatee County Democratic Party.

Glenn is running to protect programs that help people: social security, medicare, veterans benefits, food assistance programs and programs for people with disabilities. Glenn believes everyone has a right to healthcare, a living wage and clean air and water.

Marie Masferrer is running for State House District 71, which is western Manatee County. She has served as a public school teacher and librarian for 29 years. Marie is running to restore integrity, accountability, and balance in government because every decision should respect the will of the people, not self interests or playing politics with our lives.

Marie believes good leadership begins with listening not only to special interests, but to the people who live, work and raise their families here.

For too long, decisions about our schools, neighborhoods and local priorities have been made by politicians more interested in power than people.

Both Glenn and Marie will outline their priorities and share their vision for representing the people of Manatee County in Congress if elected.
