Metaverse Real Estate

WHITE PAPER

Introduction

What's RWT TOKEN

We are a community-owned, multichain cryptocurrency built on Solana Network.

RWT is power of a decentralized WEB3 community forging our path forward.

The RWT TOKEN is a Virtual real estate offering exposure to this burgeoning industry via the Metaverse. We facilitate the acquisition of virtual property along with a suite of virtual real estate-centric services provided by pioneers in the crypto, blockchain, and non-fungible token (NFT) industries.
