- Power Unit GPS Tracking x 3
- Real-Time Trailer Temperature Monitoring x 2
- Deviation Alert
- Fuel Reading & Low Fuel Alert
- Regulate Temperature
- Power Unit On and Off
- Pre-Cool Trailer
- Geo-Fences

## TECHNOLOGY

At AERO Logistics, we have made significant investments in advanced technology to enhance the customer experience and ensure complete visibility, control, and confidence when handling high-value, temperature-sensitive cargo.

Our integrated technology ecosystem includes a robust Warehouse Management System, advanced cargo management platforms, and state-of-the-art temperature monitoring and regulatory controls. These systems work together to provide real-time, precise operational data, proactive alerts, and full transparency across every stage of the supply chain.

This enables our customers to access accurate shipment status, environmental conditions, and compliance documentation instantly — helping reduce risk, improve decision-making, and protect the integrity of critical pharmaceutical and life-science products.

Simply put, our technology investment ensures your cargo is not only handled safely — it is continuously monitored, intelligently managed, and fully visible from arrival to final delivery

# End-to-End Critical Asset and Product Protection

**Supply Chain Tracking**  
Maintain visibility and monitoring from the manufacturer to the DC or warehouse.

**Cellular Gateway**  
Cellular network agnostic and uses the strongest signal. Removes IT complexity.

**NIST Ambient Zones**  
Protect over-the-counter products from unsafe temperature and humidity levels.

**Overflow Storage**  
Monitor overflow storage as if it were stored on-site in your store or warehouse.

**Cargo Theft Prevention**  
Reduce theft with discreet, real-time, product-level location monitoring and tampering alarms.

**Track store shipments**  
Track location and condition of product to prevent temperature excursions.

## MISSION STATEMENT & OUR PROMISE

AERO Logistics will always strive daily to exceed our customers' expectations with superior service and unrivaled customer support. We're committed to developing long-term business partnerships that fosters respect, collaboration, growth, and promotes corporate synergies.
