

Empire Medical Training

CERTIFICATE

of
Achievement

THIS CERTIFICATE IS PROUDLY PRESENTED TO

Kristie Isaac, RN

This confirms that the individual designated herein, has completed a comprehensive certification program on the various techniques of administering **Botox® Cosmetic, Xeomin®, and Dysport™ for aesthetic enhancements**. This extensive program utilized hands-on live patient training and live demonstrations as part of the training. The program presented detailed accepted protocols, standard of care, patient evaluation, aesthetic facial contouring, as well as risk avoidance and proper techniques for Botulinum Toxin - A administration. This is an 8.0 hour program.
