STAR SAFETY HUB

About us

We would like to introduce our company **M/s STAR SAFETY HUB**, as **exclusive manufacturer of reflective safety jackets, coveralls, fire blanket, wind socks and personal safety product**, based at Faridabad, India. We also have our sales office at Chawri Bazar, Delhi. We are into this field for more than 30 years now.

We are authorized distributor for Personal Safety Division of 3M India Limited.  & FDC India Limited. 

IN LIGHT® our brand has been an established and popular name in the world of reflective work wear. Our track record in terms of **service and quality** has been excellent throughout.

We have a well-qualified staff, which enable us to deliver even quality of products, thus ensuring same quality every time to our clients.

The main motto of our company is **customer satisfaction**, which we attain through customized products as per client's requirement at very competent prices.

We are currently associated with our selective dealer network and end users on pan India basis.

We look forward to a wonderful relationship together and success for all concerned.

Brief About IN LIGHT®

IN LIGHT® is India's leading Reflective Safety Jacket brand in India with its presence since 2011. During these years it has established itself well into the market with almost all the leading buyers on its side. Striving for continuous product improvement and state-of-the-art infrastructure has helped in reaching where it is today.

Our USP

Quality Product:

The products are prepared under the supervision of well trained and qualified personnel so as to ensure quality end product . The products are customized in such a way that it satisfies the customer's needs.

Certified Product:

*Our safety garments are **EN ISO 20471:2013 & IS 15809:2017** Certified. Authenticated test reports & certificates are provided with the material.*

Timely Delivery:

Our production capacity is adequate to deliver the material timely and efficiently, as we have collaborated with the world best logistics company.

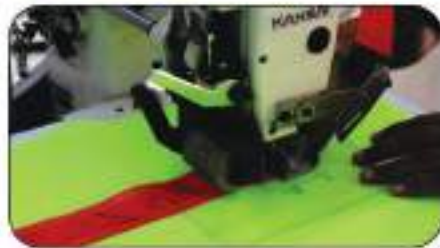

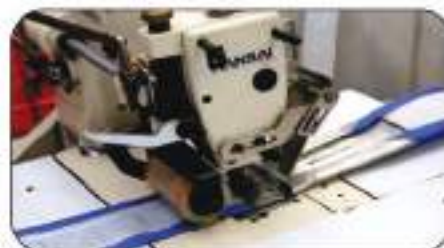

Branding:

We are also providing branding facilities to our clients, who can advertise there company's name and logo on safety jackets through screen printing on reflective strips or heat transfers labels or embroidered patches.

Continuous Improvement:

Our marketing and customer care team works continuously with R & D Department to make product best and updated according to latest technologies and standards.

Scotchlite™ Reflective Material

Description

3M™ Scotchlite™ Reflective Material – Fabrics are designed for use on safety garments and in athletic and casual wear. When properly used, Scotchlite reflective material helps enhance the visibility of the wearer in nighttime or low-light conditions when illuminated by a light source, such as headlights, by returning the light back toward the original source and reaching the automobile driver's eye. Fluorescent color fabrics are also available to enhance daytime and low light visibility. Scotchlite reflective material – fabrics are composed of wide angle, exposed retroreflective lenses bonded to a durable cloth backing and are available in home wash and industrial wash instructions. Flame resistant fabrics are also available. The fabric backing on some products is printed with 3M trademarks for easy product identification.

3M™ Reflective Fabric 8906

Fire Blanket

Fire blanket

DESCRIPTION

Type	:	Fire Blanket
Background Material	:	Fiber Glass Woven Fabric With 6 Eyelets For Extra Supporting
Warp Tensile Strength (N/50mm)	:	6000
Weft Tensile Strength (N/50mm)	:	4000
Warp yarn (Tex)	:	33*2*2
Weft yarn (Tex)	:	33*2*2
Thickness(Mm)	:	0:45
Temperature	:	600
Size	:	1x2 & 2x2 Meter

Fire blanket cloth

DESCRIPTION

Type	:	Fire Blanket Cloth
Material	:	Fiber Glass Woven Fabric
Warp Tensile Strength (N/50mm)	:	6000
Weft Tensile Strength (N/50mm)	:	4000
Warp yarn (Tex)	:	33*2*2
Weft yarn (Tex)	:	33*2*2
Warp yarn count(Ends/Cm)	:	18.0
Weft yarn count(Ends/Cm)	:	13.5
Areaweight(G/M2)	:	430
Thickness(Mm)	:	0:45
Temperature	:	600

Instruction for use

For a substance in flames

- 1 Pull Tape down
Untill blanket is released. 
- 2 Open blanket fully and
gently place over flames. 
- 3 Turn off power supply.
Leave blanket over fire. 

For a person in flames

- 1 Pull Tape down
Untill blanket is released. 
- 2 Open blanket fully and
wrap around person to
seal from air. 
- 3 Seek medical
assistance. 

Not to be used on live

- 1 Electrical equipment especially
where high voltage is involved 

Wind Sock with Stand

Brief Specification:

Windsocks (also known as wind sleeves) provide a clear indication of wind direction, visible from a distance. The windsocks are manufactured from high quality polyurethane-coated nylon.

Technical Specification:

MOC of Wind Sock	Polyurethane-coated nylon
Indicator Fabric Options	Polyester / Parachute Material
Size Options	2 X 4 and 2 X 6 ft
Diameter	24" (2 Feet) at one end and 12" (1 Feet) at other end
Color Options	Red and White / Fluorescent Lime Green & Orange combination
GSM	55
Layer	Double
Joining	Eyelets with PP Rope
Retro Reflective Material	1" Yellow Colour Micro Prismatic PVC Reflective Tape
Dimension	2 feet x 1 feet

Brief Specification:

- The Wind Sock Stand is manufactured from Mild steel or G.I, finished with Red Oxide primer/ Powder Coating.
- The wind sock stands are robust designed and sturdily constructed as per the industry standards.
- The ball bearing enables the wind socks for easier movement in the wind direction, complete with base and swivel arm suitable for flying windsock

Technical Specification:

MOC of Wind Sock	Mild Steel / Galvanized Iron
Indicator Stand Options	
Total Length	6 Feet 10 Inch
Ball Bering	1 No Ball Bering
Ring Size	2 Feet Diameter

ELECTRAL® RTD

1 Litre (Multi-Serve) Pack

As per WHO recommended formula

1 Ltr Pack Will ensure complete therapy adherence

The spin cap also makes it convenient to open and pour the liquid without spillage

Aseptic technology protects the product and keeps it intact for 24 hours

Flexibility of re-use

WHO, CDC, ESPGAN & AAP all strongly support the use of **ORAL REHYDRATION THERAPY** as the first-line therapy for the treatment of acute gastroenteritis*

ELECTRAL®

21.8 g

4.4 g

The **QUALITY WHO ORS** Brand Since 1972

- Replenishes water and essential electrolytes & reduces the need for I.V. fluids¹
- Decreases stool output and vomiting¹
- Safe in infancy, pregnancy lactating women and in all age groups
- Universal solution for all ages & all types of diarrhoea²

The Best Acceptable Taste in ORS

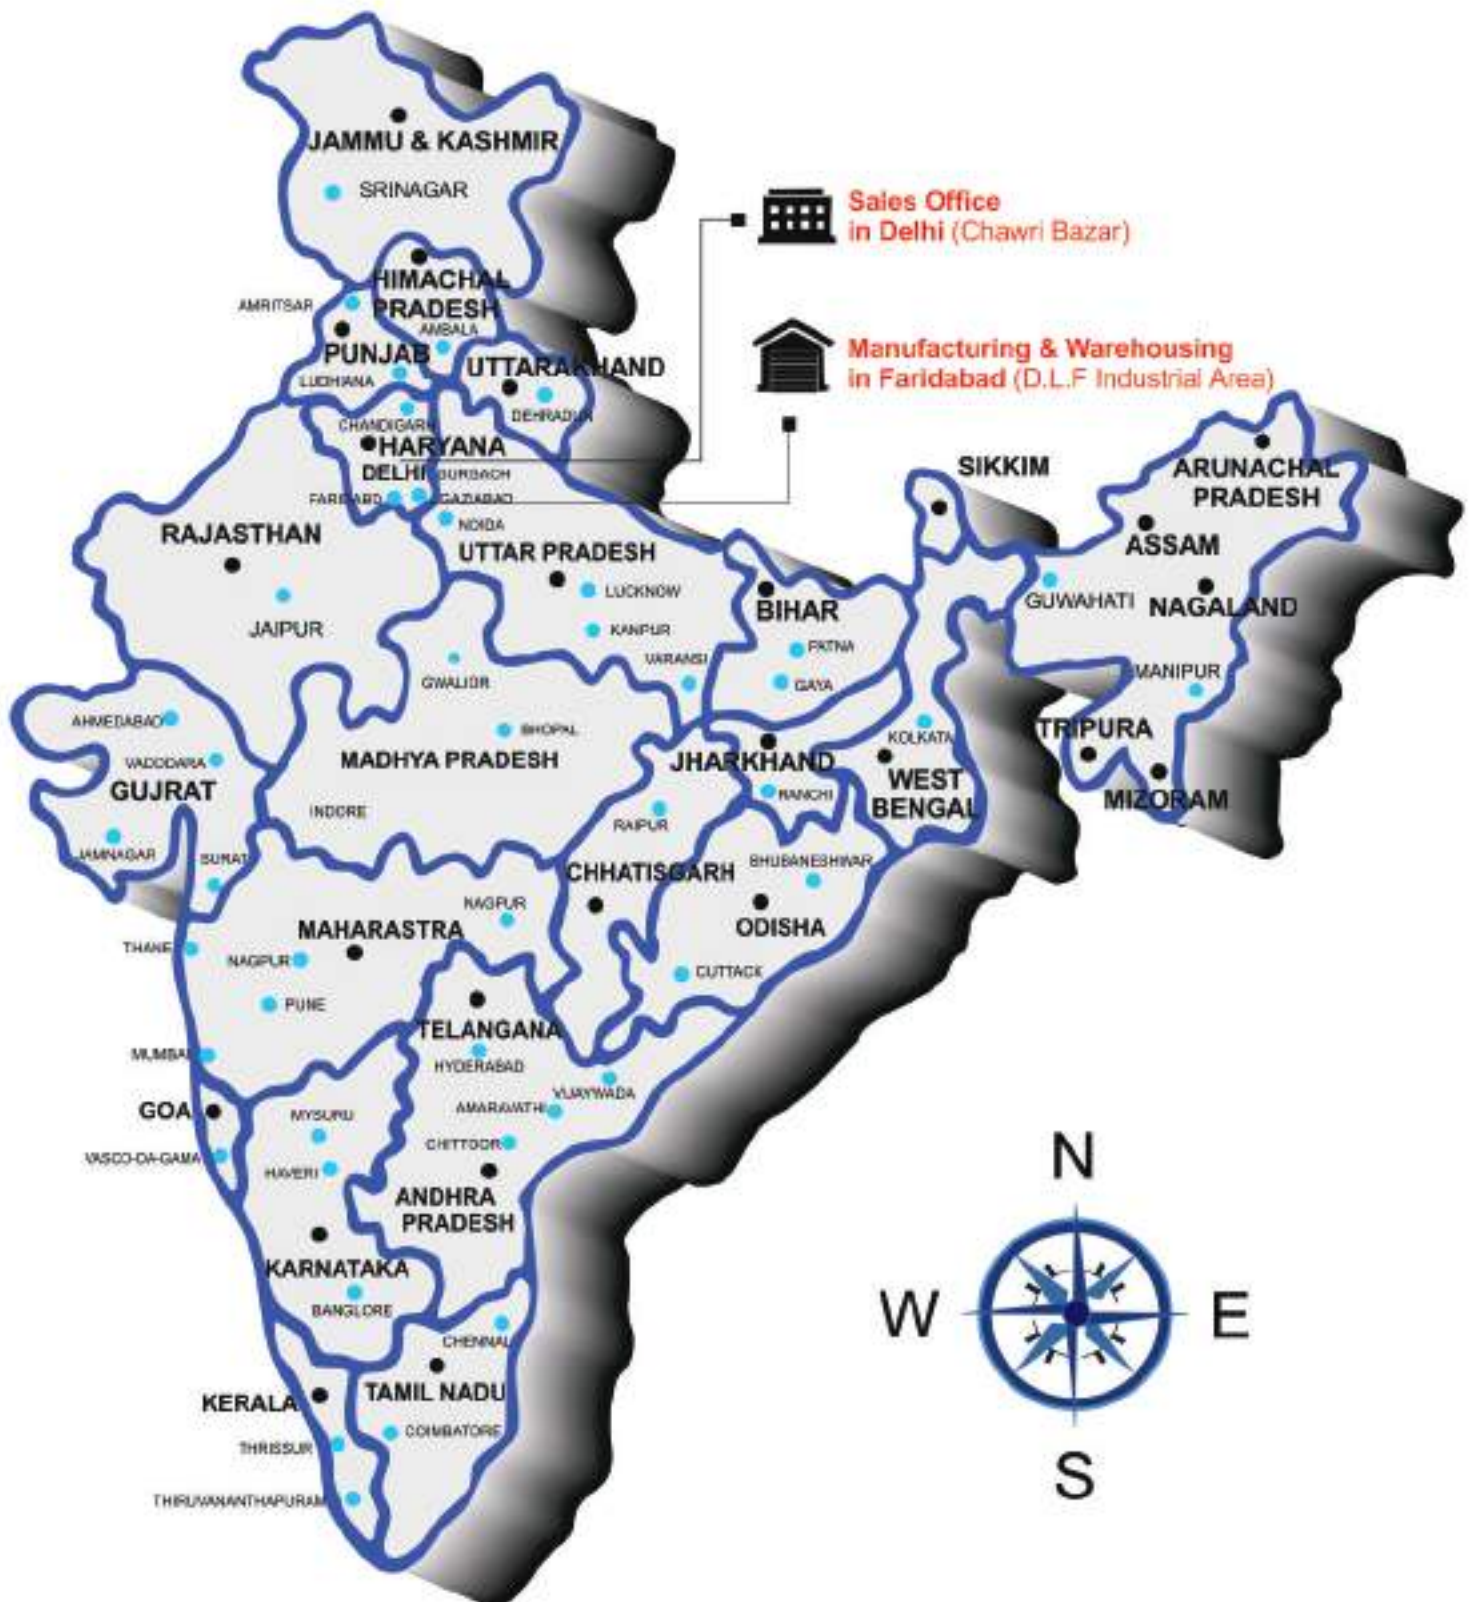

1st Easily Available Remedy Before Parenteral Administration
